

"EDSON" THE CALGARY OF THE G. T. P.

Is what we call an appropriate title to call our town, but what we wish to impress upon the mind of every resident of Edson and vicinity is, that we are here to do business and do it right. Just follow this advertisement every week and see the values offered.

To start with we want you to compare the prices of our Saturday Specials mentioned below with the prices of the very same articles sold in any of the cities and see for yourself whether you ever heard of such bargains before.

Remember, none of these goods are damaged or shop-worn goods and are for Saturday only.

For the Men

10 dozen Suits of Men's Winter Weight 'Pen Angle' and 'Nova Scotia' Wool Underwear, these are usually sold at \$3 per suit, on Saturday next they will go at \$1.90 per Suit.

We also have some Suits regularly sold at \$2 which will be cleared on Saturday at \$1.50 per Suit.

For the Ladies

250 yards of A 1 Wrapperette in good colors, polka dots, plaids, etc. designs and fast dyes, splendid value at 15c, on sale Saturday at 10c per yard.

WHEN YOU CALL

When making our store a visit don't fail to see our stock of Groceries, which is fresh from the factories.

THE ROBIN CO.

EDSON :: ALTA.

Local Events

A movement is on foot to form a Masonic lodge. There are about twenty members of the craft in town and one or two past masters.

Mr. Philip, H.T.P. city clerk agent at Edson, paid his first visit to Edson this week, having come up with the first daily on Monday. He returned sat with good impression of the town.

There is quite a demand for houses to rent. The agent states that he could at once find tenants for tenements, if they were available. A number of dwellings will be erected early in the spring by local men.

The council contemplates laying gravel sidewalks on Main street and also grading and graveling the street this year. It is thought best to make all improvements on the principal streets permanent from the outset.

Fulmer & Covert report some very substantial sales of business property on Main street and the adjoining avenue during this week. Some of this property will be built on very soon, and used in filling the road for more buildings.

Doherty & Burdett are completing arrangements for their new building. The new structure will give them over 4,000 feet of space on the ground floor. Mr. Burdett looks forward to doubling even this large area before many days next fall.

G.T.P. officials are preparing for a big race to Grande Prairie via Edson next month. Several cars of stock and effects are now in transit to this place. The Winnipeg office are despatching with supplies from all parts of Canada and the States regarding the route, time to start, etc.

Contractor Jellie is rushing work on the erection of the Dominion station hall on Edson, east of town. (See building's progress) and two stories high. It will be completely fitted for the accommodation of incoming settlers who desire to make use of it. A caretaker has not yet been appointed.

The Methodist church, reading room on 3rd street will be opened to the public shortly. Collections of books, magazines and other suitable literature will be gladly received by Pastor Woodworth. The room will remain open every day for all who care to take advantage of it, and no doubt many will find it a pleasant and profitable place to spend their spare time.

A deputation comprising Chairman Lloyd of the council, Councilor Hobbins and President Burdett, of the Board of Trade, have an appointment with Premier Hobbins in Edmonton on Monday next to discuss matters of great import in connection with the road to Grande Prairie. At the same time they will take up the matter of town incorporation with the provincial secretary.

Mr. A. H. Mahon, G.T.P. town solicitor, and Mr. Mahon have the distinction of being the parents of the first child born in Edson. The event occurred on Feb. 14th, when the stock brought a girl baby to add to the brightness of their happy home. Local Commissioner Hobbins should see that the line licensed system of procuring the first born in a new town with a lot is observed in this case.

The Leader respectfully suggests that the name of 'Main Street' be changed to something less country-like. Nowadays when people hear of a Main Street they associate it with a sticky village in some obscure locality. Edson has an assured future and 'Main Street' should be cut out right now. Edson avenue, Chamberlain avenue, Hillcrest avenue, Grande avenue, Grandview Boulevard, or something that would be more dignified and in keeping with the fact of the metropolitan importance of the town. Think it over.

A post office will shortly be opened at Prairie Creek.

The district court of Athabasca will shortly sit here. Judge Hall will preside.

The daily news are beginning to show their effects on the town, which is gradually disappearing.

More real estate changed hands this week through the agency of Lloyd & Son.

Postmaster Briggs has purchased a set of up-to-date lock boxes for the post office.

Harry L. Morrison has been awarded the contract for sinking a well on Main street at the intersection of Third Avenue.

Mayor Lloyd has had plans prepared for a two story dwelling, 22 x 28 feet. Mrs. Jellie has the contract for construction.

Sam Freeman, of the G.T.P. were active, have shortly for bridge, when he will spend the greater part of the summer.

A Winnipeg company has been organized to develop and operate a coal mine at Fallow on the G.T.P. road of Edson. The company is capitalized at \$750,000.

The brick and frame work of the twelve staff round house has been completed. The boiler house has also been completed and the boilers are now being installed.

C. J. Robertson, formerly of Brandon, Ont., you have this week getting first hand information regarding the Edson-Grande Prairie road. He has returned east to get the outfit and will be among the settlers soon to have "look" for the north. Several of his former Brandon neighbors will also settle in the Grande Prairie.

The best view of the mountains from this vicinity is to be had from Edson Park northwest of the town. From the highest point of that settlement along the (Grande Prairie) road a great sweep of the mountains is visible, there being apparently no intervening hills. The Yellowstone peak can be seen as distinctly as if it were only four or five miles away.

Local Events

Edson is to have a moving picture show this summer.

Don't watch Edson grow. Jump in and help to make it grow.

A. J. Pyle, of Saskatoon, is building a house on Sixth avenue west of Main.

The Calgary Cigar Company is contemplating establishing a branch factory in Edson.

Sergeant Devereux of the R.N.W.M.P., has arrived here from Athabasca Landing. He will be attached to the local force.

Nichol's saw mill has been removed to McKay's siding east of town, where 1,000,000 feet of lumber will be cut.

A quantity of contraband tobacco was held in storage here, was seized by the mounted police on Thursday. Goodshank Wills made the seizure which comprised 30,000 lbs.

The Wolf Creek ferry is being removed to McKay's siding east of town where it will be used to carry supplies over the last canal stream for the U.T.P. Extension branch.

W. F. Braden, ex-M.L.A. for Athabasca, has decided to remove from Lower Slave lake to Grande Prairie, where he will engage in farming. He will locate near Ben who where he has a section of land.

Count de Lamoignon, who recently married Mr. Wm. McKendrick's daughter, is entering into the railway construction business in partnership with H. J. Macdonald. Count and Countess de Lamoignon will reside in Winnipeg.

Mr. Jellis will shortly begin the erection of a business block, 40 feet wide and 100 feet deep, on the corner of Main and Second streets.

The five cottages now on the site of the new hotel will be removed to another location. Mr. Jellis will also erect two story buildings, 15x40 feet, on Main street.

It is hard to overlook and learn an untold story. The old story of Edson being located on a swampy site still being located around Edmon and elsewhere in the prairie provinces. If those relatives of former stories could see the young men standing on Main street, they would change their time.

The stream of land hunters going to Grande Prairie will soon be passing through Edson. It has been reported that the land problem is no more pressing on the Edson road than it is on the trail to Athabasca Landing and Lower Slave lake; and the Edson road has the advantage of being 100 miles shorter.

Some fine vegetables that were grown on the homestead of Sidney Parrell, N.E. 1-4 sec. 19-48-17 west of the fifth, a mile and a half from Edson, are on view at Fulmer & Covert's office. The collection includes potatoes, turnips, and cress, and were grown on the first year's planting. The potatoes are very firm and of good size.

Sgt. Foster, of the Canadian News Agency, was in town this week on an important trip. He stated that the dining hall in the J.T.P. depot would be opened about two months hence. The hall will be larger than any of the other dining halls in the line and will be fitted up for the accommodation of the general public as well as for travellers.

Lake Wetmore, on the G.T.P. west of Edson, is to be located as a summer resort for Edsonites. Edsonites will have a choice of a more pleasant resort between here and the Muskies, with lakes, rivers and creeks, trout and whitefish, trout and other fish, while the scenery there is no other part of the mountains more beautiful.

Mr. Monney, U. T. P. road from Edmonton to Peace River, was up the line this week on an inspection trip.

The Edson-Grande Prairie road, from Edson to Peace River, is approximately 110 miles long.

Inspector Jellis has completed the revision of the government inspection list at Edson.

Rene Kifer will have house given letters and outfit on the market next week. He, you spring relief.

Church of England service will be held in Edson Sunday evening at 7.30. Mr. M. G. Bonstead will officiate.

Dr. Sherry and party from the Nipigon, Ont., district have been here this week outfitting for Grande Prairie.

The new Grand Pacific hotel will be formally opened with a dance. Building operations will be completed next week.

J. Cramb, contractor of Edmonton, has arrived here with his wife and family to take up his residence and engage in business.

One of Edson's pressing needs is a dairy. The second cow is not too bad, but the first article would be a most welcome change.

An Edmonton company is preparing to develop a most deposit a short distance west of Edson, with a view of establishing cement works.

One of the men working on the Edson-Grande Prairie road is making a stopping place at the crossing of the Little Smoky river. There is already a good road known at the crossing of the Athabasca.

A man who has been working on the Grand Pacific road states that when the road is put in shape for summer traffic automobiles will be able to travel over it. This ought to be good news for the Edmonton brewers.

J. H. Wool, late of Winnipeg and now a resident of Edson, will shortly establish a plant for the manufacture of lard and grease here. When a license can be obtained he will start a factory for the manufacture of milk butter.

A number of the settlers in the Grande Prairie district hail from the Nipigon peninsula. They are enthusiastic regarding the climatic conditions of the north, and declare they are in every way more agreeable than in southern Ontario, the winters being mild and equitable.

Several commercial travellers were in town this week, two of them from Vancouver. Wholesalers of the B. C. commercial mortgage interest in exclusive trade along the G.T.P. west of Edmonton. In order to have convenience formed by the time the line is opened through to Peace River.

A C.P.R. engineering party is outfitting at Edmonton for the Peace River country where they will run trial lines to ascertain the feasibility of building a line through the pass to a point on the Pacific coast. The party will proceed to their destination by way of Lesser Slave Lake.

A pack trail has been cut from the railway to the hot springs on Sulphur Creek, and arrangements are being made by a private individual to supply parties visiting the springs with parties, the only possible means, it is said, by which they can be reached. The springs are twelve miles distant from the railway.

The depth of frost in the ground is shown by the well-fitting operation on Main street at the intersection of Third Avenue and a half foot. The penetration of the frost to that depth in view of the mildness of the weather is remarkable, but it is due to the fact that the moisture absorbed by the earth during the heavy rain last fall.

THE EDSON LEADER

Friday, March 21st, 1911

The action of the council in ordering the immediate removal of garbage from all occupied premises is a wise one, and they should compel observance of their ordinance. Spring is almost upon us and in the interest of the health of the community sanitary measures cannot be so stringent now as in the winter. Every citizen should willingly obey the instructions issued, and refuse to find it any way to such people during the winter is a prolific source of disease, and consequently a menace to the public. Edson is located on a healthy site and it is the duty of all to make a special endeavor to preserve this great blessing.

There is another grave danger to health that should be removed at the earliest possible moment, namely, the pit closets that are in use here. The wells from which water for domestic purposes is obtained are not deep, and they could easily be contaminated by seepage from these closets. Preventing the installation of sewer and water systems, pit or dry closets would be a safe substitute, providing they were cleaned out periodically. This is a matter demanding the early and serious attention of the council. If all means be so, keep Edson clean and healthy.

Edson is unanimously declared to be the wholesale center of a very rich and extensive mining, agricultural and lumbering region. It will not be today or tomorrow, but soon. Local merchants are showing sagacity in developing this trade by making special efforts to meet every requirement and fill every demand, large or small.

The marvellous trading of Edson is almost as large today as that of Winnipeg was when the Prairie city had eight years of existence scored in the north wind. The reason is that development is going on much more rapid than it was in Manitoba thirty years ago.

Local Events

Edson's population grows larger every week.

Several parties are now here out-fitting for Grande Prairie.

Houses to rent are in greater demand than ever. None available.

Postmaster Griggs has installed postmaster lock boxes in the post office.

The council have decided that dog owners must pay a tax for their canines.

Several real estate transactions were recorded this week. Some of them were of a substantial nature.

The council meets on the 16th when several by-laws relating to civic administration will be dealt with.

Chas. May's team are engaged hauling supplies to the Bonanza coal mine on the Melrose river west of Edson.

The G.T.P. round house and shops are to be raised to completion. A force of forty men is now on the job.

Mr. Best, purchasing agent for the Pacific Cattle Co., was in town on Wednesday purchasing supplies for the union.

Mr. Lent, principal of the public school, was called to Wabasca yesterday, owing to the critical illness of his daughter.

A harness shop will be added to the business establishment of Edson this month. Mr. McAllister, of Saskatoon, will be the proprietor.

A party of English settlers arrived this week with a complete outfit of stock, implements and general effects. They will locate in the Edson district.

Meats Butcher & Kinsell, proprietors of the Grand Pacific hotel, will give a dance in their new building this evening as a formal opening function.

The representative of two men from Oregon was here this week to arrange preliminary for starting a feed and sale stable. Their outfit will arrive next week.

Mr. Hamilton is digging a well on Fourth avenue, west of Main, struck a spring at a depth of four feet, which furnishes him an ample water supply, and thus saves.

C. Donnelly, of Plush & Shilby's office staff, has gone to Minn. where he will have his headquarters until the completion of the G.T.P. Edson-Brandon branch.

Acting Superintendent McColl, of the G.T.P., has instructed Postmaster Griggs not to forward any more mail to the line for railway men. No reason is assigned for this action.

A bean supper will be given under the auspices of the Church Ladies' Auxiliary on the evening of the 16th. The proceeds will be devoted to the funds of the church.

Jack Fisk has been convicted of the murder of Tucker Pouch, an old man who lived alone on the farm near Gladys, in southern Alberta. If the sentence of the court is carried out, Fisk will be hanged on April 18th. His lawyer will attempt to save him from the evidence of one Robertson, who made a confession of the murder, and a couple of witnesses who saw Robertson and Fisk driving together about the time of the murder. Robertson stated that the crime was committed in order to secure possession of Pouch's 3000 section of land.

Homeside and nearby again in evidence

Back Row, of Rickelby, have purchased a site in the lively stable district, and will erect a building there on at once. They will carry on a very nice and fast business.

A party of Edsonians, with 10 people, are planning to move to Grand Prairie. The material men will leave their families in Edson until they have located themselves. Expenses regarding the Edson and Grand Prairie districts from Pacific coast states are numerous.

The action at Prairie Creek, near Edson, expect to begin playing next week. Sam Clay, who has a market garden, near the railroad southeast of Edson, will plant all his hardy vegetable seeds before the end of the month. He was to turn this week taking orders for lettuce and radish for week end delivery.

We take this opportunity of thanking our numerous customers and friends for their loyalty to us under very trying circumstances. We have been doing business under a heavy handicap ever since the fire. Our stock had to be completely replenished. Our building was inadequate in size, yet our daily business has surpassed our greatest expectations and is daily increasing in volume.

We are proud of our business record here. We have not had a dull day since first opening up our stock and we don't expect a dull day for many years.

To our customers, in return for their very hearty support, we promise the same fair treatment that we have given them in the past. We ask them to favor us with their orders early in the day as our staff is often overworked in the afternoon and cannot give the same attention to orders.

We furnish estimates on complete outfits to those contemplating a trip to the Peace River. If necessary we will supply even the Oxen, Horses and Wagons. Write to us for prices.

EDSON :: ALBERTA

Local Events

The Mice are breaking up.

The first race of the spring felling Monday last.

Mr. P. P. Robin is visiting friends at Fortipier, Man.

Tramway McCall and Backmaster Hunter have returned from a trip to Edmonton.

Victoria day will be appropriately celebrated in Edson. Plans are already being considered.

Mr. and Mrs. J. J. Crighton and Miss Mae Crighton have returned from a five weeks' visit to Winnipeg.

St. Patrick's day. No real festiveness celebration in Edson this year. Inspector Cannon has the lid on the night. Hiding.

Mr. Angus went out to Twenty Mile Creek this week to begin the revision of a mapping plan on the Grand Prairie road.

Track laying on the G.T.P. Edson, Braemar branch will shortly be started on the section between the main line and the McLeod river.

Wade Ross, of Edson, have received the contract for painting the G.T.P. depot and other buildings and the work of the round house.

Dr. McEwen has purchased from Mrs. Lloyd a fine two lots at the corner of Third ave. and King st. He will erect buildings on the property at once.

Asst. Freight Traffic Manager, Delaplace, of the G.T.P., made a trip over the west end of the line this week. He maintained optimistic views of Edson's future.

The "big" rhinoceros of Sunday and Monday and the subsequent warm weather seem to have brought spring to stay. Midday temperatures have ranged from 60 to 70 Fahr. all this week.

It is expected that arrangements will shortly be completed for a through daily train between Winnipeg and Edson. This service will obviate the inconvenient night lay-over at Edmonton.

Mr. Tait, promoter of the Edson-Grande Prairie stage line, has returned from the north. He made fifty miles on Wednesday, a performance that ought to be a good recommendation for the new road.

In his way in from the north from a five-day trip, O'Hall's met quite a string of oxen on route to Grande Prairie over the new road. Now that spring has set in a road may be looked for any time.

The fact that oxen have not been required here, except when driving for the past six or seven weeks, will give Eastern people an idea of the mildness of the winter climate in the Edson district.

A T. Giverson, of Raymond, Saskatchewan is in town this week making preliminary arrangements for a trek to Grande Prairie. He will take in a complete farm outfit and a year's supplies. The latter he will purchase here, as he found he could save money by doing so.

The members of the Church of England will meet a group of worship of their own this summer. A meeting to discuss the question will be held on Sunday evening after service. Members and adherents of the church meeting in the town and district are invited to attend.

M. P. Kelly, of Vancouver, recorded Mike Latta as G.T.P. station agent here. He received his duties on Monday. Mr. Latta's retirement is reported by the public generally with the commonest of particulars. It was hoped that he would be prevailed on to reconsider the suggestion.

Shocking Bank Lake Settlement

M. C. Bush, of the Shocking Bank Lake settlement, is in town looking after his property. He says the settlement is progressing nicely and that the settlers are delighted with the district. The country is comparatively free of bush and really got into viable shape. The Bush line have been liquidating their affairs for six years and have a fine section ready for cultivation. The settlers want a road opened to Edson.

Magistrate's Court.

Magistrate Imler disposed of two cases that were brought before him this week. Two men who had been fighting up the line were charged with illegally removing property that had been given as security for a debt. One of the accused was sent up for trial and the other dismissed. Both men live at Lloydminster.

Commerce and Amusements

Ben L. Rimmer, of Delaney & Rimmer's establishment, has returned from a successful business trip along the line as far as the mountains. He is equipped with the money along the route of the D.T.P. through Jasper Park.

Edson Land Agency.

An effort is being made to have a section of the upper Peace river country attached to the Edson, Alberta, and agency for the convenience of home-sellers living in the Grande Prairie district. Owing to the growing importance of the part of the country, the transfer of the section will also be petitioned to make Edson Land Office an independent agency, so that it may have a wider time and space. The vast extent of the present agency and rapid extension render the proposed change absolutely necessary.

Americans for Peace River.

A land company that has its headquarters at two blouses, Long, the largest of the section of the board of Trade asking for participation of the Peace river country and the colonization next opened from Edson. The company is organizing a large party of settlers who will leave on the 2nd of April, and will bring them through Edson.

We take this opportunity of thanking our numerous customers and friends for their loyalty to us under very trying circumstances. We have been doing business under a heavy handicap ever since the fire. Our stock had to be completely replenished. Our building was inadequate in size, yet our daily business has surpassed our greatest expectations and is daily increasing in volume.

We are proud of our business record here. We have not had a dull day since first opening up our stock and we don't expect a dull day for many years.

To our customers, in return for their very hearty support, we promise the same fair treatment that we have given them in the past. We ask them to favor us with their orders early in the day as our staff is often overworked in the afternoon and cannot give the same attention to orders.

Peace River and Grande Prairie

We furnish estimates on complete outfits to those contemplating a trip to the Peace River. If necessary we will supply even the Oxen, Horses and Wagons. Write to us for prices.

THE SCAR OF ALL WOUNDS

Wound - A wound is a break in the skin, and the
blood vessels beneath it. It may be caused by a fall,
a blow, or a cut. It may be deep or shallow, and it
may be dangerous or harmless. The danger depends
on the location of the wound, and on the amount of
bleeding. If the wound is deep, and if it is in a
dangerous place, it should be treated at once. If it
is shallow, and if it is in a safe place, it may be
left alone. But if it is bleeding, it should be
stopped. The best way to stop the bleeding is to
press a clean cloth against the wound. If the
bleeding does not stop, you should see a doctor.

DOHERTY & BURDETT

THE SAME PRICE

SATURDAY AS

ON MONDAY

We take this opportunity of thanking our numerous customers and friends for their loyalty to us under very trying circumstances. We have been doing business under a heavy handicap ever since the fire. Our stock had to be completely replenished. Our building was inadequate in size, yet our daily business has surpassed our greatest expectations and is daily increasing in volume.

We are proud of our business record here. We have not had a dull day since first opening up our stock and we don't expect a dull day for many years.

To our customers, in return for their very hearty support, we promise the same fair treatment that we have given them in the past. We ask them to favor us with their orders early in the day as our staff is often overworked in the afternoon and cannot give the same attention to orders.

Peace River and Grande Prairie

We furnish estimates on complete outfits to those contemplating a trip to the Peace River. If necessary we will supply even the Oxen, Horses and Wagons. Write to us for prices.

Local Events

The bell for the new Anglican church has arrived.

There will be no English Church service in Edson on Sunday next.

J. H. Lloyd & Son will erect an office building and three stores at the corner of Main St. and Third st.

The ladies of the town are considering the advisability of having a tag day in aid of local church building or furnishing funds.

Mr. Whitford, of the Palace restaurant, who went to Edmonton to be treated for rheumatism, has returned. He has recovered his right partially, but still suffers considerably.

The project of accommodation at the Edson Public School is almost exhausted. The School Board will have to get busy right away to solve the problem of how to provide more room.

A special effort is being made to have the Anglican church completed in time for the marriage of a popular young citizen and civic official whose bride-elect is now on route to Edson from England.

Edson & Burdett's new store is chomped in and will be ready for occupancy in a few days. In closing the original building the store is 25x100 feet. These dimensions reflect trade development in Edson.

Mr. Edgewood, D.L.S., was in Edson this week on the way to Jasper park, where he will be engaged all summer defining the eastern boundary of the park. He will have two surveying parties under his direction. His headquarters will be at Prairie Creek.

Mr. McLaughlin, chief ranger of Jasper park, was here on Wednesday on the way to the park from Edmonton. He says the work of setting park trails from Ft. Smith to points of interest in the park will be undertaken at once to be ready for tourists who are expected this summer.

In the magistrate's court last Friday, a charge against Joe Williams, (colored) of Junkies, of having stolen a cow, was investigated; and when all the facts became known the Justice allowed the accused to go on a suspended sentence, with an order to return the article and pay all costs.

Mr. Kiefer, a brother Palatine, who left and a pleasure tour of the park, will pay another visit to Canada's new national park ground this summer to revisit the scenic beauty which she has written about so delightfully, and perhaps to try to discover more beauty spots further afield.

usually do cure these obstinate diseases of women after all other means have failed. I have cured every such case, and I have cured every such case of the following virus. It is best to be acting first with Lida E. Pinkham's Vegetable Compound, a trial before submitting to an operation, or giving up hopes of recovery.

Mrs. E. Pinkham, of Lynn, Mass., writes: "I am a sick woman to whom your letter addressed. My dear guide, when made to health and strength and life is free."

Carrying His Own Fly Paper.

A seal over the radiator was the only vacant in the waiting-room of the "Union" when an old woman came in carrying an old man on her back. She had a fly paper on her back, and she picked up one, a seal over the radiator, and looked about in perplexity.

"I don't dare get this near these 'Union' papers," he explained to the

Effect of Rolling on Moisture.
Various opinions exist as to whether rolling is beneficial or otherwise. It is one of these questions which are not decided by any hard and fast rules. Rolling or compacting the soil has the effect of firming the soil particles, and of immediately establishing capillary attraction, which causes a movement of water from the subsoil to the surface, to be lost by evaporation. Within twenty feet beneath

The T. P. depot has received a consignment of paint and is now ready for the summer season.

The Summer has purchased Mr. Richardson's services in the heavy section of the Edmonton & Selkirk line and other supplies for the construction, camps are being shipped from Edson every day.

Ed. Burdett, who was connected with the T. P. depot, will leave for home in a few days.

Mr. and Mrs. J. J. Oughton have returned from Edmonton, the former having almost recovered from his recent illness.

J. J. Oughton, who is in charge of the T. P. depot, has been appointed to provide the necessary facilities for the expanding business.

J. Western Warner, builder and painter, and the assistant, Earl Levy, have returned to Prairie View, to be employed for the summer season in the lumber yard.

A number of the members of the Canadian Alpine club will visit Jasper park this coming summer for the purpose of attempting some of the mountain ascents in that part of the Rockies.

Work has been commenced on William Jell's new block on Third street and Main st. The foundation stones will be carried in from here, which is an advance on what is to be constructed.

For work of completing the T. P. depot house here is being done by the T. P. depot, the difficulty of getting cement for the concrete work, the construction having failed to secure a supply of cement.

M. A. Bay, barkeeper of Grande Prairie City, and two companions, left here for the north on Sunday by the new road. They have a train and descent and hope to make the journey in good time.

It is said that Dickson, the man wanted here on a charge of making the mail, has been seen lurking about the neighborhood during the past few days. It is also reported that he was seen at Thompson on Tuesday and that he was carrying a revolver in his belt.

Mr. J. H. Lloyd, the Misses Lloyd, Miss Johnson, and Mr. Arden arrived in Edson on Monday from England. Mr. Lloyd met them at Edmonton. They are the first party of trans-Atlantic passengers to look direct through to Edson. The entire journey was made over the Grand Trunk system.

A. W. Hamilton arrived in Edson yesterday from Grande Prairie. He made the journey in seven days with small profit. He says the road was not so good as the Grande Prairie road. He says the government people are doing good work and will soon have the road shipped into shape.

M. H. McLeod, manager of the Canadian Northern railway, spent a few hours in Edson on Wednesday. He came up to get in personal touch with the T. P. depot construction operations in this part of the country.

His was his first trip through the country west of Edmonton and he was much interested in the progress of development now taking place.

MAGISTRATE'S COURT

On Thursday of last week, Joseph of Haven and Mr. Lord investigated a charge of failure to provide the necessities of life, laid by Annie Wenzel, of Jankin, a girl of 14 years, against her husband, K. Wenzel. The wife is the daughter of a teacher and the defendant a carpenter.

After a lengthy hearing, Dimpson was finally committed for trial before the next court of competent jurisdiction.

In a previous charge against Dimpson, by Clara Wenzel, of Jankin, a charge of larceny, it was decided that the evidence did not warrant a conviction.

WILL BUILD TWO BUSINESS BLOCKS

Mr. Hubert, of Edson, Improver of With Possibilities of Edson, Will Improve Main St. Properties.

Mr. John Hubert and daughter of Edson, Man., arrived in town this week and have already built a house on Main street. In connection with this business the gentleman will be building property in Edson and has been following the town's progress. He was in Grande Prairie in 1908 and submitted a report on the condition of that country to the Federal government.

Mr. Hubert is completing arrangements to erect two business blocks on the Main street property. Both blocks will be two stories high and will be most substantially built. One will be located between Third and Fourth streets, and the other between Fourth and Fifth on the west side of Main. Tenants have already been secured and the structures will be ready to completion.

Mr. Hubert is accompanied by his son and daughter, and his mother. They will remain here for a couple of months. Mr. Frank, another prominent citizen of Edson, was also a visitor in town this week. Like Mr. Hubert, he is enthusiastic regarding the future of Edson.

NEW HARDWARE COMPANY.

The Thompson Hardware Co. have purchased the hardware store of Dehnbart and Burdett and the Robert Co., and have opened a store on Main street with all line complete. C. B. Bell, well known traveling salesman for Ross Bros. Edson, will manage the business.

GRANDE PRAIRIE STAGE LINE

Mr. Tait Completes First Round Trip. Pack and Saddle Horses to be Used on North End.

Last Sunday the first round trip of the Edson-Grande Prairie stage was completed. Mr. Tait having rounded, Edson from the north on that day. In actual hours of travel the trip was made in satisfaction. The packing of the trip took only one hour, whereas the trip took only eight days easily, without interruption.

Mr. Tait states that the road is as good as any road in the country, when the work under way is finished. He thinks more men should be employed in order to hasten the completion of the road.

Mr. Tait has decided to put a train of pack and saddle horses on the north end of the road to work in connection with the stage for the present. He will take these horses on the north end of the road to work in connection with the stage for the present. O. H. Johnson, of Wetaskiwin, has decided to open a general store in Edson.

At an auction of the O.T.P. bridge at the Athabasca river has been completed, the stream showed more ice than it did in the past. The great job at Edson is now in connection with the road construction.

The report that two men were making gold on the small bar at the Athabasca north of here was exaggerated. The truth is that H. Hamilton, a prospector and a companion, who left here for the river, did a little panning at Edson's river on the way north and found traces of their gold.

Mr. Welby, C. N. R. divisional engineer, was in town yesterday on route to the west end of his division at Dauphin. There will be five engineers employed on this line.

It is estimated that the intention of the company to rush construction with this amount. Mr. Welby may establish his head quarters at the Big Bend.

Samuel Cline, who is homesteading in the valley of the McLeod river near Edson, brought in some samples of coal from a large seam that crops out on the river at his place. This is supposed to be one of the seams that crop out farther out on the same river. The coal is semi-bituminous.

NEW ROAD SAVES TIME

J. C. Squartridge and party, of Edmonton, who went to Grande Prairie last March by way of Lower Lake, lake, arrived here last Monday on the way home, having come out by the new wagon road. They made the trip in eight days, including and walking nine days less than the journey occupied by the old route. Mr. Squartridge says the road will be a great one when completed and he expects the upper Peace river country nearly two weeks earlier the railway than the old trail does. He and his party were laying out trails in northwestern British Columbia for a syndicate.

DYNAMITE OUTRAGE

ON BRAZEAU BRANCH

Car of Supplies Belonging to
Parker & Shirley, Contractors,
Blown up and
Destroyed.

A dynamite outrage was perpetrated last week at one of Parker & Shirley's camps on the Edson-Brazeau branch, by which considerable property of that firm was destroyed.

It is said that three men, in a spirit of revenge provoked by some of the dynamite men, exploded a quantity of dynamite under a car which was loaded with supplies, with disastrous results. One of the men has been arrested and warrants are out for the other two.

It is expected that the preliminary hearing of the charge will be held in Edson tomorrow.

Full particulars of the affair have not yet been received here, but it is reported that the men had been detected in some discreditable acts, and this led to the dynamiting.

The ladies' Auxiliary of the Church of England Ladies' Auxiliary will hold one next Tuesday.

The ladies' Auxiliary of the Church of England, who have been preparing for some time to have a tag day for the benefit of the church building funds, announce that their arrangements are now complete and that next Tuesday, May 23rd (one day), is the date fixed for the event. It was thought by some that Edson had not yet reached the silver stage of development, but a tag day, but contrary to what is expected, and it is the weather was fine and reports of improved made last week, the party set out in the full expectancy of making good time.

Some heavy homes for the silver stage and a train of twelve rail cars packed for the unfinished portion of the road at the north end were taken out.

Hereafter a stage will leave Edson every Tuesday morning regularly, by the road having now reached a stage of completion that warrants the fixing of a regular day for departure.

Judging by the number of applications and inquiries for passage three or four stages will probably have to be sent every week to the end of the subdivision. The business handled is already showing a large increase.

The company now advertising that the trip from Edson to the Grand Prairie will be made in five days.

George A. McNeil, local agent for the stage line, stated that every day the stage line, which has been taken for the road, will leave for the north end on Tuesday next.

The Canadian Northern line now only a short distance south of Edson and across truly are not.

Mr. Cameron, who has a sub-division on the C.N.R. and is now in the upper Peace river country to ascertain that part of Alberta is not to be cut out, raising the level that money can be kept in the bank with a party who will carry the claims taken up, and further prospecting work. It is expected that many mineral discoveries will be made in this district in the near future, so that prospectors can get supplies at hand.

W. E. CIVIC MATTERS

DISCUSSED AT

CITIZENS MEETING

Machinery Necessary to Secure
Town Incorporation put in
Motion Again—Hospital and
County Proposals Discussed.

At a largely attended meeting held on Tuesday evening last, held in connection with having Edson incorporated as a town was put in motion again, it being necessary to secure the steps previously taken on account of technical errors.

The meeting was presided over by D. H. Lent, J.P., and Councilman P. F. Holden occupied the principal position.

After the motion calling the meeting had been read, it was moved by P. F. Holden, seconded by P. F. Holden, and unanimously carried, that a census of the village be taken in accordance with the provisions of the municipal ordinance, with the view of the creation of the village into a town municipality.

The limits of the proposed town corporation next came up for discussion, and Messrs. Fulmer, Dent and Griggs were appointed a committee to consider the matter and report at a subsequent meeting.

This completed the business for which the meeting had been specially convened, and it was upon adjournment.

HOSPITAL AND CEMETERY.
The question of hospital organization was brought up, and after discussion it was decided to take steps to form a hospital association, and the following gentlemen were appointed an organization committee: Messrs. Fulmer, Holden, Barlett, Davis and Griggs. The committee was instructed to immediately take whatever action may be necessary to accomplish the object.

The action of the council in asking the G.T.P. officials for grants for the hospital was not only carried and it was agreed that the committee should apply for the same.

It is expected that many mineral discoveries will be made in this district in the near future, so that prospectors can get supplies at hand.

GOOD GRADE FOR

G. T. P. NORTH LINE

Engine Shows Final Satisfactory Conditions in Locating Grande Prairie Branch.

It is stated that Engineer Albert, who is engaged locating the proposed G. T. P. line from Edson to Grande Prairie, has found satisfactory conditions as far as his work has progressed north of here. According to reports the grade for the distance covered is equal to that of the main line, and it is hoped that an easy crossing of the high lands that skirt the valley of the Athabasca river will be found.

All the former territorial buildings of the G.T.P. have now being mostly owned by Wm. Ross, who has the contract for the work.

TWENTY-FOUR HOURS

G. T. P. to Make Big Reduction in Time of Winnipeg to Edmonton Daily Express.

Beginning June 1 the G.T.P. will reduce the running time of the daily express between Winnipeg and Edmonton from thirty to twenty-four hours. The distance is 730 miles, making an average of 30 miles per hour.

This is a very notable achievement, considering the fact that the express is now running on a single track, and the distance is 730 miles.

Chas. Heller & Co., signs and house painters, and paper hangers, who have moved business here, also have several specimens of their artistic skill in window and sign painting.

They have erected a large advertising board near the depot, which serves as a business directory.

Mr. McQuarrie, superintendent of the Grand Prairie road, left for the north yesterday. He was accompanied by Mrs. McQuarrie and Mrs. Fraser, the latter being wife of one of the bridge builders. The ladies will make a short trip over the road, probably as far as the Athabasca river, for an outing.

Thornton and Preston have completed their sewer and water service contract in the local parts of the T.P., and they have taken their plant to Bozette, Man., to erect a contract in that town. They put 4,000 feet of sewer and 4,000 feet of water line here, which will serve the U.T.P. depot, round house, shops, etc.

As an indication of how the Grand Prairie road is improving, note that the first last game and the trying process of wind and rain in showing results, it may be mentioned that Mr. J. J. Jager made the journey to town from his place, twenty miles out, in less than half a day. Two weeks ago the same trip could scarcely be accomplished in a day, and then only with difficulty.

W. H. Ellinger, who recently came to Edson from Saskatoon, the author of a letter published in the Saskatoon Phoenix, in which he gave some interesting information regarding Edson and the Edson townsite. The example might be followed by other residents by writing some subject. By the means of the sale and release of public land to be obtained. Newspaper publicity is the best that can be obtained.

DISOLUTION OF PARTNERSHIP.

Notice is hereby given that on the 1st day of May, 1911, the partnership heretofore existing between John B. Nelson and Edward Richardson, under the firm name of the business of Draying, Livery, Feed and other matters, was dissolved by mutual consent. All debts owing to the above firm will be collected by the new firm of Nelson & Warner, who will also pay all debts owing by the late firm; and who will also continue to transact the business.

Local Events

The ballasting trains are now at work on level yard construction.

Another gang of men for the Grande Prairie road went north yesterday.

Train master McCall, of the G.T.P., went to Edmonton this week on official business.

Homestead entries recorded at the Edson land office show no statement in numbers.

J. H. Lloyd, Walter Spinks, and B. L. Hunter were in the hospital this week on treatment.

The appearance of frost in the brooks running through the territory has got plastered devotees astounded.

Inspector Raman, of the R.N.W.M.P., officer in charge of the district, was in town this week on an official visit.

Local contractors are figuring on the two business blocks that are to be erected on Main st. by Mr. Herbert, of Alberta, Man.

Owing to Mr. J. J. Crighton's continued illness, Mr. and Mrs. Crighton and little Miss "Billy" have gone to Edmonton to reside for the present.

It is reported that Dickie, who is charged with robbing the mails and is now a fugitive from justice, has been seen at one of the railway camps in British Columbia.

A new building on King St., opposite the school square, has been rented to accommodate the junior classes, there not being sufficient room for them in the school. This building will be used until a larger school can be erected.

The chicken dinner given at the Grand Pacific hotel last Sunday was greatly enjoyed by the patrons of that hostelry, who by their appreciation kept the proprietors well pleased to give such special dinners frequently.

Miss Edith Palmer, who is a student at the Alberta University, Edmonton, has returned home for the vacation. She has been appointed assistant teacher in the local public school for the balance of the spring term, and resumed her duties yesterday.

William McKeever, an employee of the G.T.P., who came here last week from River, Man., was taken ill last Sunday and is now in a very serious condition, hope of his recovery being entertained. Two other members of the family are also ill.

John Lymer, of Fort William, Ont., is a visitor in Edson. He has investments in Main street north, and is well pleased with the prospects of development in that part of the town. He may decide to take up his residence here and engage in business.

Local Events

Dr. Jas. Duxbury, of Winnipeg, is a visitor in Edson this week.

The new post office will be ready for occupation about June 15th.

Mr. and Mrs. Richard Lloyd have returned from their honeymoon trip.

Mr. Lett, of the G.T.P. passenger department, is in town on official business.

Several billboards are in many places along with the thousands of old structures.

Wm. McIlwain, late of Rivers, Man., whose illness it was feared would prove fatal, is recovering.

Local fishermen are making some nice catches of trout. There are four varieties and all seem to be equally numerous.

Mr. Lyden, of Calgary, was in Edson this week prospecting for an opening for hardware and undertaking establishments.

With dinner, which have been standing for the past three weeks, are daily becoming more numerous and with the greater variety come greater quality.

Henry O. Upjohn, who was charged with committing perjury in Inspector Barron's court at Prairie Creek, has been acquitted by the supreme court.

T.A. Workman, of Dundas, Mich., and his brother James, passed through Edson this week on the way to Grande Prairie. The latter was a member of the mounted police in the early days of the west.

Mr. and Mrs. Meyer, of Edson, are spending the week in 1915, and are visiting enjoying an outing. Mr. Meyer is a wholesale liquor merchant and a prominent member of the Edson community.

It has been decided to direct the route of the Grande Prairie road out of Edson to the township line, instead of the old route which passes through the town. It is thought to be permanent, this change is deemed advisable.

A few weeks ago children were wont to complain because they could not drink fresh milk. Now they are complaining because cows are wandering about their back yards, and are demanding the establishment of a pound for the care of the trespassing livestock. If matters have come to this pass a holding district would be better than a pound. With such a district, owners of cows could place their animals in charge of a herder who could drive them every day to and from the place where they graze. There is a pretty little valley a few blocks west of the centre of the town where there is good pasture and fine running water, this would be ideal for the purpose. Here is an opportunity for some enterprising lad to secure remunerative employment.

Local Events

The ride in the G.T.P. depot here will be opened about July 1st.

The G.T.P. depot platform is being extended several yards at both ends.

This week's stage for Grande Prairie left Tuesday morning with all seats filled.

A number of the government buffalo herd at Wainwright will be placed in Jasper Park.

Mr. Hare, who recently came here from Quebec, has taken up a homestead north of the town.

Mr. Tait hopes by the end of June to be able to make over fifty miles a day with his Grande Prairie stage.

Mr. Andrews, wife of Jas. R. Andrews, manager of The Leader, arrived in Edson this week from Union, Ont.

About fifty share-holders of the Edmonton Portland Cement company are expected to visit the mill here next week.

Mr. Johnson, of the Jasper Park millinery, was in town this week for supplies. He also bought baseball and fishing & is for the sporting element at the millinery.

Dr. Duckworth, of Winnipeg, and his brother-in-law, Mr. Cundensing, left yesterday for Grande Prairie to inspect the country. They are travelling light with a demountable wagon.

The young man Lawson who attempted to end his life by cutting his throat while suffering from a temporary insanity at the Big Edley, is recovering at the Edmonton general hospital.

Mr. O'Donoghue, purchasing agent for the Yellowhead Pass Coal and Coke Co., was here this week on the way to the company's mines which are located on the Embarras river southeast of Edson.

The new Jello block on Third street, east, is nearly ready for occupancy. The LEADER will have it's new home in this block after next week. The store have been moved and the Masonic fraternity have found the second flat for a lodge room.

Construction has been begun on the Canadian Northern Peace river line. It starts from Quenay on the Peace and will be 400 miles long. The G.T.P. line from Edson to the upper Peace River country will be but little more than half that distance.

Two officials of the provincial horse department arrived in town at week and confiscated a quantity of luge horse which were innocently selling for non-interested two per cent. The horse was shipped in by a Brandon, Man. firm. The same officials also made a haul of "hange leg" in Jasper Park last week.

A savings bank department is the latest addition to the post office.

Dr. Proctor received word on Monday appointing him as coroner for Edson and district.

The Cooper Bros. and Mr. Noel, who have homestead north of here are cutting a road to town.

The harvest outfit is here, and the members of that club intend getting down to hard work at once.

The steam fitters are busy in the G.T.P. roundhouse installing 6,000 feet of air, live steam, and blow-off pipe.

A few weeks ago it was found impossible to supply the engineers in town with work. Now it is vice versa.

It is estimated that the Road department's payroll for the G.T.P. west of Edmonton, is about \$45,000 per month.

General Superintendent Brown passed through town Wednesday on his way to inspect the work at the steel plant.

E. A. How, of Winnipeg, who has made money fast recently during his stay of nearly four months, returned to the above city last Friday.

Chas. May Construction Co. expect to complete the bridge over the McLeod river on the Edson-Brown branch of the G.T.P. next week.

W. A. Taylor, C. C. McDougall, J. Walsh, H. J. Tobin, S. Mitchell, J. J. Conington, A. Rice and F. Hardest were visitors to Edmonton last week.

Mr. McCremish, head of a mission who distributes books and magazines among the construction camps, spent a few hours in town this week.

Messrs. Bilton and MacIntyre of the Civil Billiard Parlour have their new English billiard table installed. It is the standard size being set by their feet.

Rev. Mr. Fothergill, who came from England to Canada a year ago as one of Mr. Boyd's party, returns to his home. He has had charge of the mission here for some time, and is succeeded here by Mr. McFarlane, who will take charge next week.

on upon both sides of the operation, and thanks to your name, revealing to your honest judgment, as to whether this great arrangement should or should not be made.

I can only thank you Mr. Mayer, and other friends, for giving me this opportunity of meeting the people of this town, and to be a part of it, and to wish you all success, and prosperity, equal to your high expectations.

EDSON-GRANDE PRAIRIE ROAD

(Continued from page 1)
to the best, shortest, and the only road, summer and winter for the thousands of settlers, their stock and efforts to enter this "Golden Northland", including the supplies that must follow in their wake.

As evidence of this being the strategic point and supply town for Grande Prairie is proved by the following:-

On our return we met a young hunter, whose home was in Saskatchewan, returning from Edmonton where he had been to buy a saddle and outfit in order to cut hay. He was about carrying a pack and said he had come two hundred miles to Edson as it was the only direct and convenient place to the north country. He also said that the few moving machines in Grande Prairie had more to do than they could manage. When asked about the old road he told us some surprising things, among which were:- It takes supplies eight weeks to come from Edmonton, and then you are not sure of getting them. Flour is a most exorbitant price being \$9.50 per 100 lbs.

In reference to the country between here and the Athabasca, having made forty-five miles, making various detours from the road, we found the land was as good as any in the west, because of the luxuriant and variety of the stock grasses. It is hilly and wooded, but if cleared, every quarter section has a large portion that can be cultivated. There is a two to six inch growth of timber in the first twenty miles (except the last twelve) in the west twenty-five miles, just pine, spruce and poplar, two of the latter being more prevalent. Judging from these trees we are assured there would be little labor to remove, having no main or deep roots, only surface projections without lateral. The dense growth of a species of grass resembling timothy, also penitence and natural grasses to be found right to the open and on the summit of the hills, this would obtain all over, were the trees removed.

We have no doubt whatever as to the suitability of the soil for grain and root crops, but the successful harvesting of such must be determined by experiment, patience, and the length of the season.

We found game very much in evidence, prairie, eagle, rabbit and bear. Two of the latter, a grey and a black, lived one man and made two fish until the bears reached the road. There were also some deer overhauled on in camp.

Arriving back in town on Thursday evening at 7 p.m. We were again anxious to respond to the call of the wild. Next time we hope to stay.

Kurt Bellack, Prop.

THE EDSON LEADER Friday, July 14th, 1911.

The development of private child
labor has been greatly retarded by
the fact that different governments
have adopted a policy of caring for
their own public charges.

Previous to 1900 there was a great
wave of private charity which had
been gradually sweeping over the
world, the numerous institutions had
been persuaded from private owners,
not only for the care of adults, but
for the care of destitute and orphan
children.

During the past ten years many
of these institutions have been dis-
closed as outlets of private philan-
thropy, and the work has been aban-
doned in the public policy of the
state or government.

This condition applies particularly
to work among destitute or or-
phaned children, and there is not a
state in the Union, and possibly
not one province in the Dominion,
where special provision has not
been made for the care of the child-
ren who are liable to grow up to be
drags on the community through
lack of proper training and through
the neglect or cruelty of parents.

The number of destitute children,
who have been dealt with on the
American continent during the past
year is something appalling. The
Illustrator shows, based on figures
from over 2,000 hospitals or neglected
children. The New York Herald
has placed about 1,000 in the
latter house in the Western States.
The Chicago Children's Aid Society
dealt with 7,000 cases of neglected
children in the last year of its vir-
tuary, and the province of Alberta
with its population of about 200,000
has been compelled to deal with
about 300 cases of absolute neglect,
and possibly five or six hundred
cases of delinquency, during the
past year.

For matter how careful the prop-
agation of a race, there is always
the danger of an impulsive being
done either the child or the home.
Condemnation on the part of an in-
vestigator may bring in a report
detrimental to the home, which
had the house properly looked
after, would have been properly
resented. On the other hand, a re-
port may be presented which would
have a child in a home where it is
exposed to the most immoral and
trifling conditions. For that reason
it takes a great deal of time, a
great deal of patience, and a great
deal of faith to promulgate the real
held in view when a case of child
neglect is brought into the courts
of the land.

It sometimes happens necessary
to switch a case for weeks before tak-
ing any action, in order that the
Department may be satisfied that
the neglect is not being done to the
parent or to the child.
The object which has to be con-
stantly before the eye of the in-
vestigator is the fact that every child
is a future citizen, and that the re-
sponsibility for his future lies largely
in the hands of the Department,
and of an expert to show either to
the child or his home, a serious in-
cident has been placed in the
road to the goal of citizenship upon
which every child has a right to
travel with as little interference as
possible.

Inspector Rasm of the R. N. W. M. P., visited town Tuesday and Wednesday inspecting the detachment here.

The Robt. Co. restaurant is enlarging their store and putting in a plate glass front. The family are going to reside on 7th avenue.

Mrs. P. F. Robt. has been moved from the store lately, and on inquiry we find she had an attack of neuritis, but is now on the mend.

owing to a defective sidewalk, Mrs. J. J. Wright had the misfortune to slip and sprain her ankle the latter end of last week, and has since been unable to walk around.

M. D. Graham, of Tait, Sask., arrived here on Saturday's train, and left on Tuesday for Grande Prairie, where he intends taking up land.

The Edson and Peace River Engraving Co. have this week received a lot of heavy Harris implements and engines, to accommodate the settlers in the north.

C. J. Roberts, collector, who arrived here from Winnipeg last week for the purpose of opening a law office, has now located. His office is in J. H. Lloyd's building, on the corner of Main and Third.

Collegemund Schindler, government clerk of engineers, accompanied by his secretary R. H. Lathue, and R. R. Kallher, chief engineer of the C.T.P., accompanied by his secretary, A. C. Speer, are on an inspection tour. They passed through Edson on Tuesday, and are going to the end of the river, from there they drive out to inspect the right-way.

Mr. Kay arrived from Grande Prairie last week and in conversation with us stated that the influx of settlers to that country was something enormous. He also stated that 15,000 acres were filed on in one day. With this in view, there is no need for prospective of the town of Edson. Thousands of people will find their way to that country within the following year to go to live in Edson and to get some of the golden plains that are being plucked from the great fire of the west. We are in the real estate business and can show you some real good investment property. We handle only the best property in the country. Local Events

Mr. McKeever is building a two-story dwelling on Fourth avenue west.

P. Burns & Co. Ltd, are now occupying their new shops and offices, on Main Street. The premises are nicely fitted up and are a credit to the town.

The G.T.P. have decided to drain Maguolan lake near Newcastle, as the water, by seepage, is the cause of the trouble that has occurred at the factory in that locality.

Harry I. Magnani has taken over the local lumber business of H. F. Erman & Co., which he recently purchased. He will carry a full line of lumber and builders' supplies.

There is a possibility that William Short, barrister of Edmonton, will be named by the C. & N. to oppose Hon. Frank Oliver, minister of the interior in this riding.

J. B. Mercer, wholesale liquor merchant, of Lebanon, and John Ware, of the Island hotel, Kilauea, accompanied by their sons, left on Tuesday on a fishing trip to the mountains.

D. I. Wade and J. Totancy made a revoltion of trout last Saturday, having landed no less than 140 of the funny beauties. They were fishing in a small stream that runs into the T. Lawrence river south-west of

WORK TO BEGIN ON THE G.T.P. CAR SHOPS THIS MONTH

Discussions of Structure Will be
Satisfy by Three Hundred Feet.
Expected That Orders Will
Shortly be Issued to Start
Work on Machine Shops.

Before the end of this month
work will have been started on the
structure of our shops for the G.T.P.
at this point. The plans that have
been made consideration at hand.
quarters for sometime have been
approved, and orders issued for the
immediate execution of the work.
The plans as approved will be a
building sixty feet wide by thirty
feet deep, and the one half
will be ample for contemplated
work extension.
The plans for the machine shops
are still under consideration, but it
is expected that orders will be given
any day to begin construction upon
them also. These shops will be of
moderate capacity for the division
at point.

The decision of the company to
build these workshops at Edson means
that this place will be the most im-
portant divisional point between
Winnipeg and Port George.
It also means the employment of
a large force of men—a force suffi-
ciently large to add several hundred
people to Edson's population.
The leader informed that the
contract for the erection of the car
shops has been awarded to the Car
to-Hall Co., of Winnipeg, whose
office is now on the way here.

A SUNDAY SENSATION

Crazy Tunes Disturb the Calm
of Sabbath Evening in
Edson Street.

The usual Sunday evening calm
of this town and law abiding com-
munity was rudely disturbed on
Sunday evening, for a wild crowd
talking individual who flourished
a bowie knife in his hand and
displayed a revolver in his belt,
while he declared he was a jail-
breaker from Texas, and was out to
stop a company to do a grave
and serious injury to his person.
He announced his intention of
murdering any person who attempt-
ed to carry out the funeral obsequies,
and surrounded in cutting
quite a sensation.
Finally he went to the municipal
police barracks where he looked up
and told his tale.
He gave the name of Sam
Gardner, and said he came here
from Texas.

G.T.P. PEACE RIVER LINE PLANS FILED

It is reported that the G.T.P. has
placed the plans for the Peace River
line in the hands of the government
engineers, and that the line will be
extended to Edson in the near future.

Mr. Harris, manager of the
Edson Hotel, Winnipeg, was a
visitor in Edson a few days ago.
He was met by a delegation of
Edson people, and they were
told that the line would be
extended to Edson in the near future.
Mr. Harris is confident that he
will have no difficulty in securing
the capital necessary for the purpose.

ALBERTA TO HAVE CONTROL OF HER NATURAL RESOURCES

Everything to be Turned Over to Province Excepting Free Homesteads—Some Treatment to be Accorded all the Prairie Provinces—Will Affect Federal and Financial Conditions.

Mr. A. L. Ridd, premier of Alberta, announced that the federal government has requested the principle that Alberta, Saskatchewan, and Manitoba should own their natural resources the same as the other provinces of confederation, with the single exception of land fairly fit for homesteading without the expenditure of money, which land must be retained by the Dominion for free homesteads in compliance with its immigration policy and promises.

The only question of principle left unsettled is how much if any of the revenue now allowed the provinces in lieu of lands should be cut off, and this will be discussed at a conference to be held between the members of the Dominion cabinet and the provincial premiers as soon as possible after the ministers return from their consultations, and decisions will be issued on a fair basis.

The settlement will give to the provinces of Manitoba, Alberta and Saskatchewan all mines, minerals, mineral land, and royalties, all timber and timber land, swamp lands, grazing lands, all land requiring irrigation and all water and water power covered by the irrigation act.

Mr. Wilford stated in his conference with Mr. Ridd and Mr. Scott that copies of the former letter and all correspondence on the subject would be sent at once to the premiers of Manitoba, Saskatchewan, and Alberta, as he was desirous of dealing with all on the same basis.

The foregoing arrangement was reached at the last of a number of conferences between Mr. Wilford, Laurier, Hon. Arthur L. Ridd, premier of Alberta, and Hon. Walter Scott, premier of Saskatchewan, which took place during the four days Mr. Ridd remained in Ottawa on his way home from the conference.

A party of settlers from Okla-homa left Edson for Grande Prairie today.

Miss Lloyd was first, second, and third prize in her three beautiful Presentation plays at the Edmonton Exhibition booth show.

Mr. and Mrs. Wm. Jellis and son are among the Edson visitors at the Edmonton exhibition, before returning they will visit Lloydminster, their former home.

Mr. Shotton has arrived here from Detroit, Mich., to take the

Are you getting Some Edson Property

If you are not you are making the mistake of time. The moment it is announced that construction on the G.T.P. Edson-Grande Prairie Line is to be started Edson property values will go up with a bound.

NOW IS THE TIME to make an investment, to buy a business site, or a home site.

I have the cheapest property being offered in Edson today. It is in MAIN STREET EXTENSION, adjoining G.T.P. plot and just off Jarvis street, which will be the great central thoroughfare of Edson. Study the situation and you will agree. Practically original prices; payments easy; no interest. About the last of this desirable property to be bought at the low prices.

Home building is spreading northward, and homes are now being built on Main Street Extension. Those who do not buy now will have to pay double present prices a year hence. I also have a few good buys in the G.T.P. plot. Also again for that beautiful subdivision COMMERCIAL CENTRE, in the East End. Lots \$50 to \$100.

If you want to share in the benefits of Edson's certain future developments get in right now.

15,000 ACRES FILED IN ONE DAY

Mr. Kay arrived from Grande Prairie last week and in conversation with us stated that the influx of settlers to that country was something immense. He also stated that 15,000 acres were filed on in one day. With this in view, there is no need for us to dwell on the possibilities and prospects of the town of Edson. Thousands of people will find their way to that country over the Edson-Grande Prairie Road. You'll be up to you to invest in Edson, real estate and get some of the prime places that are being plucked from the great tree of investment. It is in the real estate business (G.T.P.) that you can make real good investments. It's hardly only the best property in the town. If you own property here write and ask about it and you will receive information that will mean much to you. Edson & Peace River Realty

Are you getting Some Edson Property

If you are not you are making the mistake of your life. The moment it is announced that construction on the G.T.P. Edson-Grande Prairie Line is to be started Edson property values will go up with a bound.

NOW IS THE TIME to make an investment, to buy a business site, or a home site.

I have the cheapest property being offered in Edson today. It is in MAIN STREET EXTENSION, adjoining G.T.P. plot and just off Jarvis street, which will be the great central thoroughfare of Edson. Study the situation and you will agree. Practically original prices; payments easy; no interest. About the last of this desirable property to be bought at the low prices.

Home building is spreading northward, and homes are now being built on Main Street Extension. Those who do not buy now will have to pay double present prices a year hence. I also have a few good buys in the G.T.P. plot. Also agent for that beautiful subdivision COMMERCIAL CENTRE in the East End. Lots \$60 to \$100.

If you want to share in the benefits of Edson's certain future developments get in right now.

15,000 ACRES FILED IN ONE DAY

Mr. Key arrived from Grande Prairie last week and in conversation with us stated that the influx of settlers to that country was something enormous. He stated that 15,000 acres were filed on in one day. With this in view, there is no need for us to dwell on the possibilities and prospects of this town of Edson. Thousands of people will find their way to this country over the Edson-Grande Prairie Road. Now it is up to you to invest in Edson and place the good word of Edson in the hands of the people. We are in the real estate business and we can show you some real good investment property in the townsite. If you own property here write and ask for information that will mean much to you. Mr. Kay arrived from Grande Prairie last week and in conversation with us stated that the influx of settlers to that country was something immense. He also stated that 15,000 acres were filed on in one day. With this in view, there is no need for us to dwell on the possibilities and prospects of the lands of Edson. Thousands of people will find their way to that country over the Edson-Grande Prairie Road. Now it is up to you to travel to Edson, real estate and get some of the golden opportunities that are being offered from the great flow of investment. We are in the real estate business and can show you some real good investment property in the townsite. EDSON :: ALBERTA

In spite of all the warnings that people have received about the deadly nature of this menace to human life it is allowed to flourish without any apparent effort to do away with it. Long before Helen wrote his lays or Solomon his proverbs, it was recognized mankind that prevention is better than cure. However, it would seem that our twentieth century civilization knows nothing that avails of fear and of doing things on the cheap. At a very small cost per capita, sanitary arrangements under constant direction would preclude the possibility of epidemics caused by filthy privies and polluted wells. Every year there very many cases contribute their toll dead.

The indifference displayed by the general public is simply incurable. The tendency of the masses of the people is to wait until the little towns a short way west of here, there are at present over twenty cases of typhoid fever. In the towns, and camps along the line, there are only over 100 cases.

Of this number perhaps five will die, probably more. Now, according to the present high conception of how things should be done, this is how it works out in some cases.

If a man of starving citizens are driven to desperation, the first act is to read, soldiers called out and the matter is supposed to be done. All this makes excellent newspaper copy and the metropolitan papers of an empire that circle the globe devote whole pages to it.

In the opening up of a new country the struggling pioneers may be struck down by the snow and our governments should about as much concern as falling snow did at the opening of Boston. As to our leading metropolitan journals, also, will they have been so preoccupied with politics that they have not thought of keeping in touch with conditions in the new mining towns and railway camps where only the lives of a few thousand pioneers are endangered.

HEALTH OFFICER

It has just been learned that Dr. Proctor has been appointed health officer for the town, with authority to take very drastic measures if his instructions are not immediately complied with. It is hoped that every household will realize the wisdom and necessity of complying with the requirements of the health department, and that the town's efforts will be confined to pointing out the necessary precautions to take.

CIVIC ELECTIONS

Although the date has not yet been fixed for the civic election, the announcement is daily expected. Mr. Bradley J. P. has been asked to act as returning officer, so it is likely that a date will be fixed very shortly. The absence of the Londoner, Mr. Greville, has caused the delay.

C. Morris, M. P. P. leader of the Liberal party in the Manitoba legislature, was in town this week. Mr. Morris who had charge of the sale of Coronation territory took a run up here to have a look at the town and country he had heard so much about. He was surprised to see the development that had taken place in Edson.

VIRGINIA OF THE AIR LANES

By HERBERT QUICK

CHAPTER I

THE WEATHER ON THE MORNING OF the day, Virginia of the Air Lanes, was a beautiful day. The sun was shining brightly, and the birds were singing. The air was fresh and cool. It was a perfect day for a flight.

Virginia of the Air Lanes was a young woman who loved to fly. She had a dream of becoming a pilot, and she was working hard to make it come true. She was a brave and adventurous spirit, and she was determined to achieve her goal.

One day, she was flying over a field when she saw a small plane in the distance. She was curious to see what it was, so she followed it. She saw it land in a field, and she saw a man get out of it. She was intrigued by the man, and she decided to go and see him.

She went to the field, and she saw the man standing there. He was a young man, and he was looking at her. She was looking at him, and she was wondering who he was. She was curious to know more about him, and she decided to talk to him.

She went up to him, and she said, "Hello. My name is Virginia. What is your name?" He looked at her, and he said, "My name is John. I am a pilot. I am here to see you. I am here to see you because you are a pilot. I am here to see you because you are a pilot."

PREMIER Borden's cabinet was officially announced on Tuesday. People who are not rabid opponents will admit that the organization is a strong one. It is rather amusing to read the widely divergent views of the opposition press. A great number of the minor opposition crickets took it for granted that the personnel of the cabinet was sure to be annulled by the picking state, and advised their opinions accordingly.

The tone of many of the leading dailies, however, is very moderate and thoughtful.

So many papers recently advised us as prognosticators of things that didn't happen, that the public will naturally hold a few attitudes as to their forecastings.

The people realize the difficulty of Mr. Borden's task and they will be willing to wait and give him a trial before indulging in much criticism.

Following is the personnel of the cabinet:

R. L. BORDEN, Premier and President of the Privy Council.

MARTIN BURRELL, Minister of Agriculture.

DR. J. D. REID, Minister of Customs.

W. T. WHITE, Minister of Finance.

HON. L. F. HELLER, Postmaster General.

F. D. MONK, Minister of Public Works.

HON. FRANK COCHRANE, Minister of Railways.

DR. W. J. KIRCH, Secretary of State.

HON. G. E. FOSTER, Minister of Trade and Commerce.

G. H. PERLEY, Minister without portfolio.

SENATOR LONGHEAD, Minister without portfolio.

A. E. KEMP, Minister without portfolio.

BRIAN HANTEL, Minister of Indian Affairs.

HON. ROBERT ROGERS, Minister of the Interior.

HON. C. J. DOHERTY, Minister of Justice.

T. W. CROTHERT, Minister of Labor.

HON. J. D. HAZEN, Minister of Marine and Fisheries.

CHAS. RAM HUYER, Minister of Militia.

The Weather

It is seldom safe to say anything about the goodness of the weather. It is liable to do it in the proverbially good child. No scolding the head parent ought to expect to see his children on the angelic behaviour of his darling then he immediately gives convincing demonstration that the sins of his fathers, and mothers too, of course, live through or four generations back and then some are inherent in his little make-up.

But we can't help talking chances and saying something about the glorious weather, and some of the "old timers" say it is the typical Edson variety and liable to last good long now long.

How delighted it is to be able to stroll about in the warm sunbath and breathe a sweet, pure air, radiant with the odour of the forest and not have to hang on to your hand to keep it from being blown off by the wind. If none of those misinformed people, who believe that Edson is situated in a marshy in the wilderness, could learn all the joys that wait them here, they would pack their hats at present and live here hither without further delay.

This issue contains a portion of a special issue of Edson which will be completed next week. We are printing 200 extra copies, but in addition to it to regular. The copies of the U. T. P. investigation office will take probably another week, so if you would like to send any of this number to your friends or clients you should secure them at once.

INTENTIONS ARE GOOD

On Monday morning I saw a man in a night and day paper that will be a credit to the society. I have seen an extension of many of the defects that exist and only regret that they were not eliminated at once. The paper is a credit to the society. It is always difficult for a newspaper to get the little things of interest that most people like to see in our newspaper. A steady stream of something that is interesting and that is of value to the public. I don't do like a certain thing who would be best to be left alone about the time it was written.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

Any person or sole head of a family, or any male or female, may homestead a quarter section of available land in Manitoba, Saskatchewan, Alberta, or the Northwest Territories. The applicant must appear in person at the Dominion Lands Agency or sub-agency for the district. Entry by proxy may be at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of natural born homesteaders.

Distress of the land is evidence upon cultivation of the land in each of these parts. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

Distress must be shown upon the homestead or pre-emption six months in each fifth year from the date of the homestead or pre-emption (including the time required to build a house and cultivate the acreage).

A homesteader who has exhausted his homestead right cannot also purchase homestead in certain districts. Free Pre-emption is available in three years, exclusive of each of every homestead.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS

Cost of a mining right may be fixed for twenty-one years, renewable at an annual rental of \$1 per acre. Not more than 2500 acres may be held in one application. Royalty for twenty years. In the Northwest Territories the tract must be selected personally by the applicant, and the approval of the Minister of the Interior must be obtained in all cases.

THE EDSON LEADER

EDSON, ALTA.

A license to cut timber on a tract of land containing twenty-five acres may be obtained by an applicant on payment of \$5.00 per acre, plus the cost of a license to cut timber on the tract in the Province of British Columbia, or which the tract is at the rate of 5 cents per acre. In addition to the license, there are charges on the timber cut at the rate of 10 cents per cord of the regulations.

TIMBER PERMITS AND DUES
Permits may be granted in the Province of Manitoba, Saskatchewan, and Alberta, in cases of private land, or which the tract is at the rate of 5 cents per acre. In addition to the license, there are charges on the timber cut at the rate of 10 cents per cord of the regulations.

TIMBER FOR HOME-OWNERS
Any occupant of a homestead quarter-section having no timber on his own land, or which the tract is at the rate of 5 cents per acre. In addition to the license, there are charges on the timber cut at the rate of 10 cents per cord of the regulations.

W. W. COBY
Deputy of the Minister of the Interior.

Knight of The Beacon and Some Desire to Caut

Tuesday evening last was evidently not a propitious time for calling a cutting meeting. A detachment of several business men went to Edmonton to meet in some conference with members of the government and discuss the Edson corporation liquidation question. The executives of the Conservative Association were holding their meeting in connection with the banquet. The members of the Athletic Association were busy on a scheme of their own for a skating rink, as there were not many left to attend the cutting meeting.

It was the unanimous opinion that there would be very little difficulty in getting enough members to warrant taking active steps towards organization and providing a rink. A membership list, has, accordingly, been drafted and it is expected that there will be at least fifty signatures by Saturday evening. It has been decided to hold a further meeting on Wednesday evening next, at 8 o'clock in Mr. Condon's ice cream parlor when all matters relating to the organization of a rink and arrangements for the same will be dealt with.

To Whom It May Concern
(Being a notice to the public that some one has received a letter from a party in Kananaskis where I have resided for the past sixteen years, to the effect that I am dishonest. I will take pleasure in referring any one who doubts my integrity to the present Mayor of Kananaskis who has resided there for the past fourteen years, also those who have resided here and to the manager of The Canadian Bank of Commerce, The Imperial Bank of Canada and The Canadian Bank of Hamilton at Kananaskis.)

But for the fact that I am a candidate for the Mayoralty I would leave these allegations, I am unable to call to my attention, with those who are resorting to such contemptible means to defeat me. (Signed) Lawrence

NOTICE TO CREDITORS, debtors, creditors, part of his, and others having claims against the estate of JOSEPH HILL.

NOTICE IS HEREBY GIVEN that all creditors, debtors, legatees, legatees, and others having claims against the estate of Joseph Hill, deceased, late of Prairie, Canada.

Dated at Edmonton the thirteenth day of September, A. D. 1917. NATIONAL TRUST COMPANY, LTD. Public Administrator.

When you have a bad cold you want the best medicine obtainable so as to turn it into an "idle" day as possible. Here is a druggist's opinion: "I have sold CHAMBERLAIN'S COUGH REMEDY for fifteen years," says Ernest Miller of Toronto, "and consider it the best on the market." For sale by THE EDSON LEADER COMPANY.

Here is a woman who speaks from personal knowledge and long experience, viz. Mrs. R. B. Rogers, of Wilkes, Pa., who says, "I know from experience that CHAMBERLAIN'S COUGH REMEDY is far superior to any other for cough, there is nothing that cures it," for sale by THE EDSON LEADER COMPANY.

L. BORDEN, and CHARLES MILLER, at plant of Edmonton Portland Cement Company, 314 1/2, west of Edson on T. P. Long job, good board, and highest wages paid. Apply on work.

Rich foodstuffs are served by a di- tentional stomach. Take CHAMBERLAIN'S COUGH REMEDY and correct the and the foodstuffs will disappear. For sale by THE EDSON LEADER COMPANY.

EDSON :: ALBERTA

The fire on Tuesday with its unfortunate result is an illustration of what may happen again any day, and perhaps to thousands of other homes. A fire in almost any residential part of the town would make considerable headway before a general alarm could be given.

Unfortunately the fact that there is no fire alarm does not appear to worry the burglar in any great extent. Very much must necessarily depend upon the legs and lungs of the first person who may notice the fire. An elderly person, would be at a decided disadvantage.

In the present situation the village council does not appear to be in a position to render any assistance; but surely something could be done to protect the property and lives of the citizens.

Telephone
In a town where telephone lines could be so easily and cheaply erected, it seems like great carelessness not to have some sort of a system in the place.

As a matter of fact telephones are provided in towns for other purposes, and it is not at all necessary to wait for incorporation to install a system. Possibly the board of trade could induce some enterprising firm to take the matter up.

H. Taylor of town topics, Edmonton was in town this week. Mr. Taylor came with the intention of taking some views of Edson, but in getting off at the station he was met by Mrs. Higham's children and was invited to accompany them home. Mr. Taylor had gone out to stroll around town and returned to find his camera, shot gun, overcoat and travelling bag refused to enter.

A lengthy letter a citizen on civic affairs was received last week but lack of space and press of work prevents its publication in this issue.

SYNOPSIS OF CANADIAN SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

1. Every person who has a claim to land in the Northwest Territories, or who is entitled to a share of the land, must first obtain a license from the Minister of the Interior. This license is only valid for a limited period of time, and must be renewed before it expires. 2. The license holder must then apply to the Minister for a grant of land. The Minister will then consider the application and, if satisfied, will grant the land to the applicant. 3. The grant of land is subject to certain conditions, which must be complied with by the grantee. 4. The grantee must also pay a certain fee to the Minister. 5. The grantee must also provide a certain amount of security for the land. 6. The grantee must also provide a certain amount of labor for the land. 7. The grantee must also provide a certain amount of stock for the land. 8. The grantee must also provide a certain amount of food for the land. 9. The grantee must also provide a certain amount of clothing for the land. 10. The grantee must also provide a certain amount of shelter for the land. 11. Are you getting Some Edson Property?

If you are not you are making the mistake of your life. The moment it is announced that construction on the G.T.P. Edson-Grande Prairie Line is to be started Edson property values will go up with a bound.

NOW IS THE TIME to make an investment, to buy a business site, or a home site.

I have the cheapest property being offered in Edson today. It is in MAIN STREET EXTENSION, adjoining G.T.P. plot and just off Jarvis street, which will be the great central thoroughfare of Edson. Study the situation and you will agree. Practically original prices; payments easy; no interest. About the last of this desirable property to be bought at the low prices.

Home building is spreading northward, and homes are now being built on Main Street Extension. Those who do not buy now will have to pay double prices a year hence.

I also have a few good buys in the G.T.P. plot. Also agent for that beautiful subdivision, COMMERCIAL CENTRE, in the East End. Lots \$60 to \$100.

If you want to share in the benefits of Edson's certain future developments get in right now.

THE BEGINNING OF THE END

It was scarcely a surprise when the result of the voting became known on Tuesday and it was found that the four Conservatives had returned four Conservatives. Whether the Liberal party was as confident of victory as the party journals tried to lead people to suppose, is very doubtful. The result seems to have been a foregone conclusion here and has scarcely been commented on. From the lack of discussion and interest manifested prior to the contest it is inferred that the result was generally anticipated.

Needless to say that local Conservatives, although making no demonstration, are jubilant over the sweeping victory and regard Tuesday's work as the beginning of the end.

The forthcoming session will be crowded with important as the public are anxious to see what action will be taken by the opposing parties in the government ranks. Unless the break is healed the Conservative members will virtually hold the balance of power.

G. T. P. STRIKE STILL UNSETTLED

The latest developments in connection with the strike of the machinists and boiler-makers in the movement of the Company that they do not recognize the board of conciliation. From this it may be inferred that the company intends to fight the matter out. After organizations in Winnipeg and other places have passed resolutions supporting stipulated monthly amounts to assist the strikers. The fund several days ago amounted to \$200.00 a month with the likelihood of it being further augmented.

The attitude displayed by the men has evidently won them many friends.

It was stated this week that Hon. Robert Rogers would be asked to try to effect an amicable settlement, and it is to be hoped that if he does so, that his good efforts will meet with success.

Notice of Dissolution of Partnership

NOTICE is hereby given that the partnership heretofore subsisting between us, the undersigned, as "A. H. Martin at Marlboro above said, and all claims against the said partnership are to be presented to the said Agnes H. Martin, by whom the same will be settled.

DATED at Edmonton this 19th day of October, A.D. 1911.

VIRGINIA DE THE AIR LANES

A Romance of Flying

By HERBERT QUICK

The motor is a big possession in the life of a man. It is the first step towards freedom. It is the first step towards a life of adventure. It is the first step towards a life of excitement. It is the first step towards a life of glory.

Illustration of a biplane flying over a landscape.

Through this devotion made a difference between the ordinary and the extraordinary. It is the difference between the man who is content with the ordinary and the man who is content with the extraordinary. It is the difference between the man who is content with the ordinary and the man who is content with the extraordinary.

Virginia's letter had reached him in the night. It was a letter from the past. It was a letter from the future. It was a letter from the present. It was a letter from the heart.

No Ability To Digest Food?

NERVOUS SYSTEM SO EXHAUSTED THAT VITAL ORGANS ARE WEAK IN ACTION.

Dr. Chase's Nerve Food

The digest or assimilation of food is a process which is a matter of life or death. If the system is exhausted, the food is not properly assimilated, and the body is weakened. Dr. Chase's Nerve Food is a powerful remedy for this condition. It is a food for the nerves, and it is a food for the body. It is a food for the mind, and it is a food for the soul. It is a food for the whole man, and it is a food for the whole world.

The Underserved One. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

CATNIP STRIPS

The Catnip Strips are a powerful remedy for the condition of the nerves. They are a food for the nerves, and they are a food for the body. They are a food for the mind, and they are a food for the soul. They are a food for the whole man, and they are a food for the whole world.

The Underserved One. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved. It is the underserved one, the one who is not properly served, the one who is not properly cared for, the one who is not properly loved.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

Where Waiting Is Borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne. It is where waiting is borne, where waiting is borne, where waiting is borne.

LESS TIME IN THE KITCHEN
MORE TIME IN THE FRONT ROOM.

That's your reward if you let MOONEY'S BISCUITS take the place of the bread and blanchet you like yourself.

You'll find MOONEY'S a delightful substitute for your own best efforts—the family will like them. Because

MOONEY'S PERFECTION SODA BISCUITS

come to you straight from the oven in the big Winnipeg factory!

They have that freshness and crispness only to be found in a purely made blanchet. No other blanchet can come to your table so fresh from the oven as MOONEY'S.

Get the big package or the small one—both of them damp proof, dust proof, and best proof—

"LET MOONEY DO IT"

SUPPLEMENT TO THE EDSON LEADER

VOL. 1, No. 15

EDSON, ALBERTA, FRIDAY, DECEMBER 22nd, 1911

Wanted--Secretary. Treasurer for the Town of Edson

Applications for the position of Secretary-Treasurer of the Town of Edson, will be received up to Monday, January 8th (inclusive), the said secretary-treasurer to combine the office of assessor and publicity agent. Applicants must give references and be in a position to furnish bonds.

Address all applications to The Mayor, chairman of the finance committee, W. C. B. Garrison, See Trans.

Letter received by the Grand Trunk Pacific Ry. headquarters from one of the prominent artists in New York, who has just returned from a trip over the Grand Trunk Pacific as far as the Canadian Rockies, contains the following:

"I went to the end of steel on the Grand Trunk Pacific there took the trail over to Malaga Lake, which I found to be the most beautiful I ever saw in my life. I had a delightful trip, and made several sketches. Recently I stopped off at midnight, and from there went out stork shooting in different directions, and had a most delightful time. Next year I hope to be able to get away earlier and see more of your magnificent country."

THE CIVIC ELEPHANT

Last Monday's election has, already, almost ceased to be talked about. This is almost entirely due, of course, to the season of the year. Christmas, with its consequent festivities and pleasures, absorbs the attention of most people and things that are past, be they ever so important, are inevitably lost sight of with the advent of other important things. While a keen interest was taken in the short campaign, once it was over there was little left for comment but the usual criticism and speculation.

A pleasing feature of the campaign was the good feeling that prevailed among the rival candidates. Even during the excitement of polling day not a single untoward incident occurred.

Card of Thanks

I desire to thank my many friends for the honor they have conferred upon me by electing me as mayor of Edson. I regard it as a special honor to be the first mayor of this fast growing town, and will do my best to increase the present prosperity and to insure its future development. Gilbert Lawrence.

Card of Thanks

I take this opportunity of thanking my friends for their support last Monday and will do my utmost to merit their confidence and safeguard their interests during my term of office. E. T. Brown.

Card of Thanks

I desire to tender my sincere thanks to all those who supported me at Monday's election and to assure them that I will do all in my power to merit their confidence and worthy of the confidence reposed in me. A. W. Sparks.

In connection with the "Chaumont Laurier," the new \$2,000,000 Grand Trunk Hotel at Ottawa, it has been decided to establish an ice-freezing plant, and the Forties System of Sterilization. This means that every drop of water that comes out of the tap is first filtered twice, then sterilized and cooled, rendering it not only absolutely pure from all sanitary standpoint, but free from any risk of infection.

As regards ice, the water from which it is made will be first filtered twice, then converted into steam, then condensed and frozen, rendering the ice not only absolutely pure, but a beautiful, clear, transparent crystal.

Charlie Smith, the boy who was verily elected last week by his young brother, is doing well, and there are no doubts entertained of his recovery.

Principal Stewart left to-day for a few days visit to friends at Leduc. He will stay a day or so in the Capital and return about the middle of next week.

Mrs. H. D. Alexander left this week on a visit to friends in Portland, Oregon. Mr. Alexander accompanied her as far as Edmonton and returned to-day.

THE CALL OF CHRISTMAS

There are so many calls which demand our attention nowadays that we are almost choked by them. How impatient we are apt to become at the calls on our leisure, which sometimes we can ill afford to answer, and show all too irritable we get with the clamorous call of our work with its daily routine of "jacking" business engagements. We long for a change and going in full swing almost before we know it, the call of Christmas comes and our town seems to have more than its full share of them.

Sturdy this century of ours is very much like a vast telephone system with which somehow or other something have been brought into connection, and in which the call is always ringing. How gladly at times, would we leave the receiver hanging idly upon its hook, if we could escape the call of Christmas.

But only silence that call. Well, an excellent supper for the unexpected guest. These cases contain here is the opportunity for which we have been waiting, here is our chance for the needed change and recreation. For the call of Christmas means that we must cease to jar upon our ears, and to listen only to the Christmas chiming which rings out to the world their message of peace and goodwill. This is a seasonable call which demands our full attention. Its summons is to forgive and forget. It calls us to lay aside for the moment the petty jealousies which embitter, and the small differences which divide, and to meet one another with a generosity and openheartedness before which even a mountain of pride or prejudice cannot stand.

But it carries with it also the call to remember to be thankful. After many centuries of Christianity, the Festival of Christmas reminds us that the fire of the Divine Love which was kindled at Bethlehem is burning brightly, though we may only be conscious of the grateful warmth. Deeds of self-sacrifice and self-denial with which this season abounds, acts of compassion and kindness which make the poor and the suffering, the afflicted and the friendless, an object of special care, and yet so elemental and profound tell us that the fire once lit has not in the least been quenched. The call of Christmas—this time of the Christ—are rare to hear, and hearts to feel.

Many bells are set to so simple a and lips to voice its theme.

NEW GROCERY AND MEAT STORE

Peter Rivers new store on Main street may be said to be completed, as he has opened up in one half of it a grocery and meat business. The new building makes a striking improvement to the appearance of the block it is in. Its handsome plate-glass windows and well-lighted two story front give it an attractive appearance.

Mr. Rivers' wife, Miss Thimbleclark, had an up-to-date shop going in full swing almost before the building was well out of the building.

Mr. Rivers' enterprise should be awarded with the cordial patronage of the people of Edson. He is offering to the public only the choicest grades of fresh, cured and cooked meats, and all the various side lines that are found in a well appointed shop. From the large glass show cases there is a tempting display of choice butler and other selectable articles.

J. E. Brine, customer, Thomson writes us: "Will you kindly convey to the inhabitants of Edson, my cordial thanks for the patronage given them to me at my sale on Saturday last. It is my intention to take up residence in Edson at an early date. I have decided to vacation my sale and I shall be glad to take charge of goods which are to be sold. I hope by strict attention to business and upright honest dealing to gain the confidence of the people of Edson."

A. R. Gilson, of Edmonton, who purchased property here some time ago has decided to make Edson his home and is building a cottage on Sixth avenue, East. As soon as his home is ready he will return to Mrs. Gilson. Mr. Gilson says that the more he sees of Edson the better he likes it.

when the child has a cold. Chan-
cely a cold remedy will quick-
ly remove a cold and greatly lessen the
danger of contracting these diseases.
This remedy is famous for its cures
of colds. It contains no opium or
other narcotic and may be given to
a child with implicit confidence.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

Many others in Peace River and Grande Prairie have probably read the wrong impression (after reading some of the "7" column paper) not only about the fact that the fact must be stated and by the applicant in person, and personal application to the Agent of the sub-agent of Dominion Lands in the district, must be in all cases be made, and the result for the first year must be paid to the agent within thirty days after filing application. A person who wishes to mine for gold or silver, having made a claim, may locate a claim 1,000 feet by 1,000 feet. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. When \$500.00 has been expended or paid and other requirements complied with, the claim may be purchased at \$1 an acre. Peace Mining Claims are 300 feet long and from 1,000 to 2,000 feet wide. Entry fee, \$5. Not less than \$100 must be expended in development each year. Dredging—Two lines of five miles each of a river may be used for the purpose for a term of 30 days, \$1.25 per acre after the first \$100.00.

W. W. CORBY, Deputy Minister of the Interior, M. B.—Claims located in public lands are not subject to any other law, but when one locates a claim, he must pay for the same, and when one locates a claim, he must pay for the same, and when one locates a claim, he must pay for the same.

NOTICE TO CREDITORS: JAY-KIN, LIABILITIES, SKEAT-PAUL, AND OTHERS HAVING CLAIMS AGAINST THE ESTATE OF JAMES MORRISON.

James Morrison, late of Edson, Alberta, died on the 10th day of April, 1911, and his estate is being administered by the undersigned, Executor of the last will and testament of the deceased. All persons having claims against the estate of the deceased are hereby notified to present the same to the undersigned, Executor, on or before the 10th day of May, 1912, at which time the claims will be considered and payment made thereon.

NOTICE

On and after thirty days from the date of this notice, the undersigned, Executor of the last will and testament of the deceased, will receive all claims against the estate of the deceased, and will pay the same thereon.

EDMONTON MAN'S OPINION OF EDSON

Mr. H. D. Hanson of Edmonton, who was in town last night, was surprised at the size of the town. In an interview with a representative of the Leader, Mr. Hanson stated that the town of Edson did not seem to be the place of the people and was in fact a small town. He was surprised at the size of the town and the number of people who were in the town.

Wanted-Secretary Treasurer for the Town of Edson

Applications for the position of Secretary-Treasurer of the Town of Edson, will be received up to Monday, January 8, 1912, at the office of the Town Clerk, Mr. J. H. Hanson, in the Town Hall, Edson, Alberta.

SUPPLIES CHEAPER IN EDSON THAN EDMONTON

Mr. P. H. Mansell of Dawson City and Winnipeg has been in town on Tuesday. Mr. Mansell has been contacted with the Yukon field Co. for a number of years. He is a man of wide experience, and has been in the business of building up a number of the flourishing cities of the far west. When interviewed he said, while in Edmonton he was in the belief that the people of the Capital City should try to knock Edson (or at least the town itself) as an explanation. It was not hard for a man of his experience to see a place that was in the hands of the Capital City and the rich districts of the city. The company Mr. Mansell represents is always looking for new openings, so we are glad Mr. Mansell is in Edson.

NOTICE TO WHOM IT MAY CONCERN

Notice is hereby given that all of the shares of the Capital City and Co. will be sold at public auction on the 10th day of January, 1912, at the Court House, Edson, Alberta.

AS VIEWED BY VISITORS

It is not that the people of Edson are in the hands of the Capital City, but that the people of Edson are in the hands of the Capital City. The people of Edson are in the hands of the Capital City, and the people of Edson are in the hands of the Capital City.

NOTICE

On and after thirty days from the date of this notice, the undersigned, Executor of the last will and testament of the deceased, will receive all claims against the estate of the deceased, and will pay the same thereon.

NOTICE

On and after thirty days from the date of this notice, the undersigned, Executor of the last will and testament of the deceased, will receive all claims against the estate of the deceased, and will pay the same thereon.

DOINGS OF THE WITAN KING GEORGE V. MAY VISIT EDSON

There was scarcely a minute in which there was not something doing at the council meeting on Tuesday. In addition to the regular business that had to be attended to, the special questions, involved in the matter of the King's visit, were given by request and were the cause of a very serious and heated discussion of the situation. The King will be in the town of Edson, and it is expected that he will be in the town of Edson, and it is expected that he will be in the town of Edson.

EASTERN CAPITAL MAY COME THIS WAY

Mr. F. H. Mansell of Boston, Mass., U.S.P., was in Edson on Tuesday. He has been prospecting for the last two weeks in the town of Edson, and it is expected that he will be in the town of Edson, and it is expected that he will be in the town of Edson.

One of the most enjoyable social

events of the season, was the dance

given under the management of

Messrs. Adams and Barker last

Thursday evening. Every one had

a good time. The music was

supplied by Miss Tate and Mr. Wilson.

About twenty couples attended.

Principal Howard's new assistant

Miss A. Karaman, from Edmon-

ton, arrived on Tuesday to com-

mence her duties as teacher in the

public school of Edson. Miss Karaman

is a graduate of Marquette College,

Ireland, and has had considerable

experience as a teacher in the

public schools of Ireland. She

is a very capable and efficient

teacher and will prove a valuable

asset to the school.

Pride Before Profit

A Tribute To
Certain Worthy Clothiers

Of the hundreds of clothes manufacturers, and the thousands that sell them, a certain number put pride before profit in clothes

Have you been buying this class of clothes? Are you getting the best clothes your money will buy? If not, it's time you knew something about and where they are sold

Invest—Not Speculate—In Clothes

The thoughtful business and office man selects his clothes with extreme care. He considers his clothes in the light of a long term investment, yielding steady returns in added poise and dignity—He refuses to gamble in clothes

And especially is it this careful, far-seeing sort of man, who finds instant appeal in the class of clothes we keep.

JOE THOMAS WINS WRESTLING MATCH

On Wednesday last in Madrik's Hall, the best wrestling match ever held in the west was put on. Joe Thomas of Edson, W.C., and Cal Miller of Lethbridge, Alta., wrestled in such a cat-and-mouse style, to the championship of Alberta and British Columbia, but two out of three falls, Police Gazette rules gave the victory to the Edson man.

The wrestling bout was preceded by a preliminary boxing contest between Ed Edmond of Edson, and Henry Hill of Edmonton. Edmond appeared in his corner at 8.30 p.m., and was followed by the much more famous Edmond of the York Hotel. Edmond was the aggressor from the start and it was soon seen that he was the cleverer of the two. The decision was given in his favor at the close of the fourth round.

A Trail of Twisted Trees
All manner of devices have
employed to mark a line of mar-
is thought that the great
of "blowing the trail" is

to be seen in Africa. In the
city, after a fierce battle with
the police, the demonstrators
went as far as the lake district.
The demonstrators' knowledge
of the city's topography was
impressive. No one could pre-
dict the route for the demon-
strators after and also in guide-
ance of their return journey. In
the city, the demonstrators
were given a good meal. The
demonstrators were also well
treated and well cared for.
The demonstrators of the
city were very happy.

Holds Wagon Nut in Jaw of a Wire Spring.

Pictured in the accompanying illustration is a wrench adapted for unscrewing the carriage and wagon axle. It differs from the ordinary wrench by the fact that it securely holds the nut in place during the unscrewing operation. When screwing it on the axle, it prevents the nut from falling and when it is removed from the axle, it holds the nut in place.

The general form of the wrench is similar to the ordinary, common type, but the jaw is shaped to hold the nut in place.

IMPROVED WRENCH WHEN socket and another portion pass along the outside. The portion terminates in a pair of teeth which pass through opening in wrench just below the handle to hold the spring in place. When using a wrench, sort the operator may keep his fingers far from the handle of the nut. The wrench clings to it after it has been removed, and is no danger of its becoming falling to the ground. The inventor is J. Atkins, Canada, N. Y.

Pride Before Profit

A Tribute To
Certain Worthy Clothiers

Of the hundreds of clothes manufacturers, and the thousands that sell them, a certain number put pride before profit in clothes

Have you been buying this class of clothes? Are you getting the best clothes your money will buy? If not, it's time you knew something about and where they are sold

Invest—Not Speculate—In Clothes

The thoughtful business and office man selects his clothes with extreme care. He considers his clothes in the light of a long term investment, yielding steady returns in added poise and dignity.—He refuses to gamble in clothes

And especially is it this careful, far-seeing sort of man, who finds instant appeal in the class of clothes we keep.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person or sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan, Alberta. The applicant must appear in person at the Dominion land agency or sub-agency for the district. Entry by proxy may be at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead rights and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$10.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

SUPPLEMENT TO THE EDSON LEADER

Vol. 1, No. 49

EDSON, ALBERTA, FRIDAY, JANUARY 26, 1912

Subscription \$2 per Year in Advance

ALBERTA FARMERS MANY RESOLUTIONS

(Continued from page 5)
was introduced by J. G. Quinn of Whistler Center, and supported the president, Mr. Triggs.

Cost of Living.
A strong resolution was carried with regard to the cost of living in the province, calling upon the farmers to acquire land at low prices, and to operate them for the benefit of the people.

It was recommended a change in the Dominion Government act regulating the lease of coal lands, whereby leases would be required to meet and place in operation on a long-term basis, and that the coal property were secured.

In view of the statements of miners and other laborers that the provincial does not adequately protect working in coal mines, a resolution was passed to urge upon the government that it improve the conditions of the miners.

To Co-Operate with the State.
The United Farmers of Alberta, in the trade and labor councils of this province are to get together to discuss this question in the interest of the province.

Secretary Fries stated that he had been asked to address several meetings of trade councils and the secretary is a committee of three to meet a committee of three representing the United Farmers of Alberta to discuss various matters.

The convention explained itself in a firm of substituting a part of the trade and labor councils of this province are to get together to discuss this question in the interest of the province.

Business Matters.
A resolution was adopted calling upon the government to issue more money, and that they will begin operation within a specified time in the shape of a deposit with the government.

Women's Society.
Mr. Triggs introduced a motion which was unanimously carried, declaring the women of the rural district should organize. It was followed.

Whereas the women of the rural district are doing more work than the men in the household, the strength for better conditions in rural life, and whereas the women should equal the men in the household, it is resolved that the women of the rural district should organize.

NEW BAKERY

I take pleasure in announcing to the citizens of Edson that I will be ready to cater to their wants on and after Monday.

I have secured the services of a first-class baker and will be in a position to supply your needs.

A Specialty will be made of WEDDING CAKES as there are indications that they will be much in demand.

STANLEY WRIGHT, PROP.
Main Street, Edson.

Pride Before Profit

A Tribute To
Certain Worthy Clothiers

Of the hundreds of clothes manufacturers, and the thousands that sell them, a certain number put pride before profit in clothes

Have you been buying this class of clothes? Are you getting the best clothes your money will buy? If not, it's time you knew something about and where they are sold

Invest—Not Speculate—In Clothes

The thoughtful business and office man selects his clothes with extreme care. He considers his clothes in the light of a long term investment, yielding steady returns in added poise and dignity—He refuses to gamble in clothes

And especially in this careful, far-seeing sort of man, who finds instant appeal in the class of clothes we keep.

SCOTT CITIZENS APPRECIATE SERVICES OF GEO. M. PHILLIPS

The following items are taken from the Herald, Scott, Sask., where Mr. and Mrs. Geo. M. Phillips come from, and will be of interest especially to the town people.

Mr. G. M. Phillips received telegram Wednesday night offering him the position of Secretary, Treasurer and Publicity Commissioner of the growing town of Edson, Alta, which he has accepted.

Mr. Phillips' departure from Scott will be generally regretted, for he has proved his sterling abilities by the capable manner in which he discharged his duties as secretary of our town during the year just closed. A few of the more important works of the town of Scott which had his personal supervision were the installing of our fire waterworks and electric lighting plant, the initial electric work in connection with the sewerage system adopted by the council, the conducting of the dispute between the route of the proposed railway, and the settling of the sale of water to the Grand Trunk Pacific Railway.

Also as justice of the peace, Mr. Phillips discharged these duties with an efficient manner. The testimonials furnished him by members of the 1911 council, together with the good wishes tendered by the present council, will undoubtedly be retained by Mr. Phillips as the town of Scott's appreciation of his services.

Regret at the departure of this esteemed citizen from our midst is alleviated by the fact of his promotion and substantial increase in salary. The Herald wishes him a new measure of success in his new position.

It would not be fitting to close these few remarks without mentioning the loss which is caused in social circles by Mrs. Phillips' departure. As president of the women's auxiliary of the Anglican church and as the foremost helper in all missions undertaken by that body, she has won the close friendship of all members of the congregation.

Mr. and Mrs. Phillips have assisted in the upbuilding of our town since the pioneer days, and now they go to render a similar measure of service to their country in another new western frontier town.

Previous to their departure they were the recipients of the following presentations:—To Mr. Phillips from St. Augustine's vestry, members of the past year's town council.

Alberta Government Telephones. Department of Railways and Telephones

TENDER FOR TAMARAC POLES

Scaled tenders addressed to the Deputy Minister of Railways and Telephones, Edmonton, and enclosed "Tenders for Tamarac Poles," will be received up until twelve (12) o'clock noon on February 12th, 1912, for the delivery of 40,000 tamarac telephone poles at any point on the C.P.R., C.N.R. and G.T.P. north of the town of Red Deer. Not less than 500 will be accepted at any one point.

Freight rates from points of shipment will be considered in conjunction with price of poles when awarding contract.

Form of tender, date of delivery and specifications may be had on application to the undersigned.

Storcesful bidders, if any, will be required to enter into a contract for the performance of their tender and deposit marked cheque in favor of the Minister of Railways and Telephones, for ten (10) per cent of the amount of contract as a guarantee of good faith.

The right is reserved to reject any or all bids or waive any conditions.

Parties tendering will have to make their own arrangements for permits.

(Signed) Raymond Andrews

On Saturday evening, the 13th, at the home of Mrs. R. Matthews, the Women's Auxiliary met to bid their president adieu, and presented her with a case of pearl handled dessert knives and forks, and the following expression of their esteem:

Dear Mrs. Phillips,—We ask you to accept this little remembrance as a small token of our love and our appreciation of your faithful work. Our earnest prayer is that God will bless and prosper you in your new home.

Signed on behalf of our branch of the W. A.

BEATRICE WEBB, Sec.-Treas. Mr. Phillips, as the retiring secretary and publicity commissioner of the town of Scott, is well known throughout the province, as his untiring efforts and keen sense of duty to further the advancement of our progressive town, gained him the respect of all with whom he came in contact. The Herald congratulates the town of Edson on its good fortune.

Government's Railway Programme not announced yet

Although the legislature has been transacting business for several weeks the people are still kept in suspense regarding the government's railway policy. It is very unusual procedure for a government to hold back the most important work of the session until its closing days. What can be the motive that is actuating the premier in the course that he is pursuing? The only conceivable reason, is that he has not been able to map out a policy that he is confident of introducing in the house; and he is anxious to get all other business finished while his following remains intact, that he may avoid being forced to go to the country.

In the early days of the session a policy was spoken of, but it was discarded or disowned. When the premier was asked in the house where the railways were going to be built he replied, in Alberta. This is another of those remarks of a politician that might be analyzed and carefully labelled either wit, wisdom or sarcasm.

If the legislation that is being held in abeyance affected only questions of minor importance there could be no valid objection raised,—but railway transportation is the question of paramount importance that faces the prairie today, and it should have been brought before the house and given precedence over other business. The government can, of course, dilly-dally as long as they like but there is a day of reckoning coming when these things will be remembered. The handwriting is visible on the wall and anyone can read it.

Japan Current Changed

A remarkable phenomenon has been reported from Coonara, Alberta. The Japan current has changed its course and is running much closer to the Alaskan coast. It is believed that the unusual weather conditions that have prevailed there are due to this cause. The temperature in the interior have been 15 degrees warmer than ever before recorded at the same time of the year.

It is quite possible that this phenomenon has something to do with the splendid weather that we are enjoying. Even on the north side of buildings there is scarcely enough frost at nights to form a thin layer of ice.

The pussy willows are in bloom and the poplar trees are beginning to bud.

Promotion Examinations

Results Announced (continued from page 1) Margaret Higham and Edith Crowe. Ten dollars were given by a group of citizens as prize money which has been divided into five prizes, three going to the senior and two to the junior class. The prize winners are in the order that their names appear in the above grades.

Local Events

Nurse McLeod and her sister, Miss McPherson, left yesterday for their home at Dauphin, Man.

Yola P. Nelson arrived from North Dakota on Wednesday to look after affairs in connection with his late son's business.

Beginning today there will be a tri-weekly through service to Fitchburg. The train leaves here every Monday, Wednesday and Friday at 2.30 p. m.

R. S. Bickle of Winnipeg was in town on Wednesday and Thursday. Mr. Bickle was here to sell the town some fire apparatus. He has built up a large trade in Western Canada during the last five years.

J. Spaner of Spaner Bros., has returned from his trip to Chicago. He was accompanied as far as Edmonton by his bride. Mr. Spaner has not decided whether or not he will reside in Edson. He expects, however, to make a decision before long.

Mrs. S. Owen, mother of Mrs. J. W. Gregg, arrived here on Monday from Dauphin, Man. She is a well known, stern, domestic fact that she has reached the span of years allotted to man. Mrs. Owen arrived at the end of her long journey looking remarkably hale and hearty. She will reside here with her daughter.

E. J. Chamberlin, general manager of the G.T.P., was over the road this week on a trip of inspection. He was at the tip of inspection when the Alberta legislative party arrived there. Mr. Chamberlin stopped here on his way east but did not visit the town. His time was taken up looking over the shops and yards and discussing matters with the employees.

WHAT ARE YOUR KIDNEYS FOR?

Do you know what your kidneys are for? They are the most important organs in your body. They filter out the waste from your blood and keep you healthy. If your kidneys are not working properly, you will feel tired and weak. You will have back pain and your head will ache. You will have a bad taste in your mouth and your breath will be bad. You will have a lot of uric acid in your blood and you will get gout. You will have a lot of stones in your kidneys and you will have a lot of trouble. You will have a lot of trouble. You will have a lot of trouble.

COMMUNICATIONS

The Leader does not hold itself responsible for the opinions expressed by its correspondents. It reserves the right to alter and to the discretion of matters of public interest.

Editor of the Leader:

The following letter which recently appeared in a Manitoba paper struck me as containing a good deal of truth and being very similar to conditions that obtain here.

Dear Mr. Editor—What is a "scab"? For instance, can a strike be a scab? Or is it only other people who can scab against him.

It is freely said around town that scabbers have been taking the life out of months of expenses by doing their work at reduced rates—20 and 30-cent while the regular men who depend on this work for a living wait idle, also that one machinist has contracted for the repair of a house at 50 per cent below the lowest usual rate (any carpenter is possible to do this work). In doing this, does the writer this question qualify to be called a scab? That is, would you call him a qualified scab or an unqualified scab?

Yours truly,

L. W. HERRICKSON

An official of the Grand Trunk Railway visited this office during the week and informed us that several of the men who had been employed to replace the others had been threatened and annoyed at various times, and he expressed himself very clearly as to the course the Company would take should such work occur again. He says the Company will erect a large wooden house and store where the men can be supplied with all their wants without "mixing with" those who would try to harm them.

We are conscious of the fact that no business man in Edson would allow one of these men to be employed in any way, and we regret that such an occurrence should at any time have taken place. We hope that only in the future will be courteous among all classes of our town people.

J. W. Simpson, who has been responsible for the last two championship wrestling matches given in Edson, who we have almost come to regard as a citizen of our fair town, has since leaving Edson after the Thomas Murphy bout traveled over three thousand miles. Simpson, after being which he visited in the States, was Des Moines, Iowa. Mr. Simpson returned to Edson on Monday last looking as well as ever. He stated that he was glad to be back in Edson again—the prettiest city in the last great North-West.

GRAND TRUNK NEWS

Special to the Leader

The Grand Trunk Railway System have ordered 1000 freight cars as follows:—250 Refrigerator, 40 ft. long, 60,000 pounds capacity; from Canadian Car Foundry Co.; 250 Refrigerator, 30 ft. long, 60,000 pounds capacity; from American Car Foundry Co., Chicago; 250 Automobile steel underframe cars, 40 ft. long, 60,000 pounds capacity, from American Car Foundry Co., Detroit; 250 Automobile steel underframe cars, 40 ft. long, 60,000 pounds capacity, from Western Car and Foundry Co., Chicago. Delivery of these cars to commence in April 1912, and to be completed at the rate of 25 cars a day.

The new Grand Trunk Pacific dock at Vancouver, B.C., which will be replete with every modern appliance for the rapid handling of freight and the disembarking and embarking of passengers with every degree of comfort will be accepted by the company very shortly.

An agreement has been made between the Grand Trunk Pacific Ry. and the Dominion Government for the construction of a floating dry dock at Prince Rupert, B.C., to cost approximately \$2,000,000, and instructions have been given to proceed with the work. The construction of this large dry dock is in charge of the Grand Trunk Pacific engineer, Mr. Wm. T. Donnelly, who has drawn the plans and specifications.

The plans of the new Grand Trunk central station in Ottawa include a regal suite for the exclusive use of their Royal Highnesses, the Duke and Duchess of Cornwall, and succeeding Governor Generals of Canada. This suite consists of a reception room furnished with leather upholstered chairs and settees, a ladies' room and writing room, also fitted out in a tasteful and thorough manner.

An agreement has been entered into between the Transcontinental and Northern Ontario Railway Commission and the Grand Trunk Ry. granting the latter running rights over the T. & N. O. Ry. Lines in consideration of which the company, in addition to assuming an equitable share in the maintenance of the road, agrees to pay the sum of \$300,000 per annum as rental for the above rights. This sum represents one half the interest on

the total cost of construction of the line.

Customs receipts at the town of Prince Rupert, the Pacific Coast terminus of the Grand Trunk Pacific Ry. for the past year amount to \$101,553.85, an increase of \$1,170.34 over 1910. The heaviest months were May and June when \$13,112.64 and \$11,321.04 were respectively received.

There was handled during the twelve months at Prince Rupert 61,000 tons of freight which is an increase of 62% over the preceding period, while no less than 14,064 passengers were carried by the Grand Trunk Pacific over 100 miles of mile between Prince Rupert and Van Arsdol, between the middle of June and December 31st, or an average of 2,502 passengers per month.

The material for the two new boats built for the Grand Trunk Pacific construction on the Fraser River from Tete Jaune Cache to Fort George is being prepared in New Westminster, under the supervision of Capt. Johnson who will be in charge of them. The boats will be stern wheelers with a carrying capacity of 250 tons and 140 ft long by 34 ft. wide. Two barges will also be built and each boat with a barge in tow will have a total carrying capacity of 500 tons of cargo.

Railhead on the main line of the Grand Trunk Pacific is now at a point 25 miles west of Yellowhead Pass. Unusual activity prevails on the 35 mile gap separating it from Tete Jaune Cache. The contractors are anxious to have the track extended without delay to the latter place, which is at the head of navigation on the Fraser. They are constructing two steam wheel steamers to be used in distributing building material and supplies for the section all the way from Fort George.

With the object of finishing the gap before the spring freshets arrive gangs are engaged day and night at construction work. The sight of carbide lights in the deep cuts filled with laborers presents a strange spectacle at night in that remote region.

Fire hundred teams are also engaged in handling supplies over a steep road to Tete Jaune Cache which will be the base camp all next summer.

Early spring will see the grading outfits strung along the Fraser all the way down to Fort George.

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by The Edson Drug Co.

AN "ENSIGNETTE"

In the hand is worth 50 Cameras somewhere else.
Always carry it in your pocket and you will not have to say "if I only had a Camera."

This superb camera takes pictures 1 1/2 x 2 1/4 inches, which can be easily enlarged to Post Card Size with the aid of the

Ensignette Printing Box

So it is really a Vest Pocket Post Card Camera

There are other sizes of this Camera from \$10.00 up. ENSIGN CAMERAS are BRITISH-MADE and BEST

If you are interested call and see me and I will show you how they are best. I will have a good line of these cameras here in a few days and will be glad to take your order NOW. You should not miss the chance of the beautiful weather we are having.

Good Business

It is just as much a part of good business to buy your goods right as it is to make your investments right. The money saved in buying right is just as good money as that made in the rise in value of real estate. I will elaborate greatly at a reasonable price. If you are not satisfied with what you are getting from where you are a trial

The 10 and 11 Models of the Remington Typewriter

are Visible Writers—and more.

These new Remington models supply visible writing under new conditions—without loss of efficiency. To realize what this means, the combination of Remington strength with visible writing—note the type here. Note them specially. See how they are hung in a double row. This gives room for the broad girth bearings. Note the bar itself, the strong, rapid bar, the Remington bar you have always known, made from a steel drop forging. Compare this bar with the ordinary thin bar, stamped out of sheet steel, and you will understand one reason why the very name "Remington" stands for strength and reliability in a typewriter.

E. J. CHAMBERLAIN SUC- CEEDS C. M. HAYS THE SCHOOL

E. J. Chamberlain succeeds C. M. Hays as President of the Grand Trunk system. Mr. Hays was a popular man and his departure is much regretted by the citizens of Edson. The school is now under the management of Mr. Chamberlain.

General satisfaction has been expressed throughout Canada, and the West especially, at the appointment of E. J. Chamberlain to succeed the late C. M. Hays as President of the Grand Trunk Pacific Railway. Mr. Chamberlain is a man of high standing and his appointment is a great credit to the railway.

The members of the board of trade were very gratified to hear of Mr. Chamberlain's appointment, and a resolution to that effect will be presented at the next meeting. Mr. Chamberlain is an energetic and capable man, and his appointment is a great credit to the railway.

Will Its Style Suit Your Style

Modern methods of ready-to-wear clothes production have removed man's greatest clothes problem. In the days of custom tailoring you had to imagine how the clothes material would look on you, when made up in the style you selected.

To-day, you can go into a good shop and try on suits until you find the cloth and style that suit you best.

When anyone selects this great advantage, they not only get a suit further and be careful to purchase in a shop where there is endless variety in choice from which to choose.

We can show you—in the "Furber" line of high grade clothes—every type of suit and overcoat sanctioned by the prevailing mode.

July 10th to 20th, 1912

REDUCED FARES

From all G. T. P. stations

The International Geological Congress which was inaugurated in 1878, will hold its twentieth session next year in this country.

Since the first meeting of the Congress in Paris, meetings have been held in Italy, Germany, England, the United States of America, Switzerland, Russia, America, Mexico and Sweden. At

ing dates July 24th to 10th inclusive. Returning July 22nd, 1913. Apply to Grand Trunk Pacific station or train agents.

Geologists from every quarter of the globe will attend the Congress, and for many it will be their first visit to Canada. They will include university professors from the leading universities, mining schools, officers of the various departments of geological surveys and mining departments, and geologists and mining engineers in private practice.

The value of the annual mineral output of Canada has steadily increased year by year for the last thirty years, and now exceeds one hundred million dollars. One consideration, however, the known reserves are unknown, this output is small, and Canada needs more men and more money for prospecting, development and operation. This is the great problem which is attracting the interest of the general public, and those people whose business it is to make

Edson J. Chandler, the newly appointed President of the Grand Trunk and Grand Trunk Pacific Railways, stopped several hours in Edson on his return from the west of the land. He was accompanied by Superintendent McCall and several board members of the Grand Trunk and Grand Trunk Pacific Railways. Mr. Chandler is a well-known figure in the railway world and his visit to Edson was a great event for the community. He was met by a large crowd of people and his speech was well received. He expressed his confidence in the future of the railways and his belief in the importance of the road. He also mentioned the need for better communication and the importance of the Grand Trunk and Grand Trunk Pacific Railways in the development of the west.

CEMENT PLANT NEWS

Concrete foundations and tunnel
work is being undertaken.

The house and driveway for the
three 40 foot kilns have arrived
and are being placed.

Several new dwelling houses are
being erected by the employees of
the Portland Cement Company.

The machine shop has been in
operation for some time and a large
number of small fittings are being
made there.

The work of construction of the
plant is progressing rapidly.
The 70 ft. tank tower with a
50,000 gal. tank has been erected.

Mr. Wm. McCallan, formerly of
Richfield has moved with his
family to this town, where they
will conduct a evening and board-
ing house.

From twenty five to thirty car
loads of material are being un-
loaded weekly and shortly the ship-
ments will be making in by train
load lots.

The work of construction of the
Walden railroad concrete chim-
ney has started under the super-
vision of Mr. Fugh. This chimney
will be the highest in Alberta when
completed.

One of the four 250 H. P. Cables
at McCallan's engine has been put
in place, and a car load shipment
of pumps has been received from
the John McCallan Cables
(Iron Works Co., Montreal).

and its strategic location. A glance at the map and your own
common sense will convince you that Edson must become an
important centre in the near future. In less than two years
Edson will be the closest shipping point from its water base for
the Grande Prairie and Peace River districts. From Prince
Rupert to Grande Prairie City via Edmonton will be over 400
miles longer haul than via Edson. Do you see the logical
outcome? Edson's present progress may be retarded but her
future prosperity cannot be prevented.

Buy property in Edson—not with the get-rich-quick in a few
weeks idea—but hold it, and in a few years you will have hold-
ings that will be worth something.

WEST CANADA NEWS LETTER

Early in 1912 a number of

Edson readers are interested

in the history of their town.

But with reference to information of that

kind I am of an inquisitive dis-

position and there must be people

who have enough of the material

to give facts from their own

You Need No Introduction to Edson

and its strategic location. A glance at the map and your own common sense will convince you that Edison must become an important center in the near future. In less than two years Edison will be the closest shipping point from its water base for the Grande Prairie and Prince Rupert districts. From Prince Rupert to Grande Prairie via Edmonton will be over 400 miles longer haul than via Edison. Do you see the logical outcome? The present progress may be retarded but her future prosperity cannot be prevented.

Buy property in Edison—not with the get-rich-quick in a few weeks idea, but hold it, and in a few years you will have holdings that will be worth something.

ONE DOLLAR DOWN AND ONE DOLLAR PER WEEK

For twenty years, for an improved fruit tract in B.C. At the end of the five years should bring in \$400 to \$450 per year.

Actual Government Reports for the Kootenay Lake District show greater results from ONE ACRE than a half-acre or more in the United States or Canada who want to own a dollar fruit tract to establish a home in a small country like the Kootenay Lake District. In five years a clear title to one acre of improved land is delivered to you at your home.

I have set five hundred acres of choice fruit land, and as soon as I have sold out your opportunity is lost. I want every man, woman, or child who reads this ad, to send in their dollar at once and secure an acre tract on the above terms. Write for full particulars of the best offer made to those who wish a home in an ideal climate, where you will have honest and congenial neighbors.

I sell five, ten and twenty acre tracts on very easy monthly payments. And give a big discount for cash. Join one of my monthly excursions and see the country for yourself. July 20 and August 30 are my next two dates. A big launch, with a crew of 25, will leave from my camp in Penticton every week. I have evidence that what I am offering is right, but I have sold to several hundred people since January 1st. I live there myself. Here my own fruit from the shore of the beautiful Kootenay Lake. I want you for my neighbor in B.C., and I am sure you will want to be when you see the country. My new way to give apples will interest you. Also the famous Kootenay Magazine tells about the fruit and other industries of Southern B.C. Subscription price \$1.50 per year, or send five for year on receipt of twenty names of friends or relatives who might be interested in B.C. fruit lands. My booklet, "Homecoming," tells you how I spent five years in the West looking for what we all want—an ideal location for a home. It's free.

Write today, giving name of reliable reference, your nationality, and amount you wish to pay.

ONE DOLLAR DOWN AND ONE DOLLAR PER WEEK

Five year lease for an improved fruit tract in B.C. At the end of the five years it should bring you \$200 to \$400 per year.

Actual Government Reports for the Kootenay Lake District

There is hardly a more scenic or child in the United States or Canada who cannot afford **One Dollar Per Week** to establish a home in an ideal country like the famous Kootenay Lake District. In five years a clear title to one acre of improved land, including a house, will be yours for only \$100.

I have set aside five hundred acres of choice fruit land, and as soon as I have sold that out your opportunity is lost. I want every man, woman, or child who made this ad. to send in their dollar at once and secure an acre tract on the above terms. Write for particulars of the best offer ever made to those who wish a home in an ideal climate, where you will have honest and congenial neighbors.

I sell five, ten and twenty acre tracts on very easy monthly payments. Also give a big discount for cash. Just one of my monthly payments and you own the country for year. July 30 and August 30 are your two dates. A big house went up June 27—4000—bought from me except ten. Pretty good evidence that what I am offering is right, isn't it? I have had to several hundred people since January 1st. I live there myself. Have my own fruit ranch on the shores of the beautiful Kootenay Lake. I want you for my neighbor in B.C. and I am sure you will want to be when you own the country. My way is to give eight to ten acres. Also the famous Kootenay Magazine tells all about the fruit and other industries of Southern B.C. Subscription price \$2.50 per year, or just five for year on receipt of twenty copies of friendly relations who might be interested in B.C. fruit lands. My booklet, "Homesite" tells you just what I have done in the West looking for what we all want—an ideal location for a home. It is free.

Write today, giving names of reliable references, your nationality, and amount you wish to pay.

HOMESTEAD ENTRIES

There have been an unusually

large number of inquiries lately

for homesteads in this district and

points round the town during the

month. Already nearly all the

homesteads within the limits of the

town have been taken and all

the present rate all the farms in

the district are now in the hands

of the government. It is to be

remembered that the rate is not

to be paid until the end of the

year. The change made in the

homestead regulations by the

Did it ever occur to you that

ONE DOLLAR STORE

AND

ONE DOLLAR PER WEEK

For five years pays for an improved fruit tree in B.C. At the end of the five years it should bring you in \$500 to \$1000 per year.

Actual Government Reports for the Kootenay Lake District show results from ONE ACRE

There is hardly a man, woman or child in the United States or Canada who cannot afford **One Dollar Per Week** to establish a home in an ideal country like the famous Kootenay Lake District. In five years a clear title to one acre of improved bearing orchard is delivered to you or your heirs.

I have not made five hundred acres of choice fruit land, and as soon as I have sold out your opportunity is lost. I want every man, woman, or child who reads this ad. to send in their dollar at once and secure an acre of land on the shore terms. Write for full particulars of the work. I want to those who wish a home in an ideal climate, where you will have honest and respectful neighbors.

I sell five, ten and twenty acre tracts on very easy monthly payments. Also give a big discount for cash. Join one of my monthly excursions and see the country for yourself. July 23 and August 30 are my next two dates. A big bonus must go June 27—all bought from me except one. Pretty good evidence that what I am offering is right, isn't it? I have sold to several hundred people since January 1st. I live there myself. I have seen fruit from the shores of the beautiful Kootenay Lake. I want the B.C. Colonization price \$2.00 per acre, or not free for you on a basis of twenty acres of fruit land, which you might be interested in. Write for full particulars of the work. I want to those who wish a home in the West looking for what we all want—an ideal location for a home. It's free.

Write today, giving name of reliable reference, your nationality, and amount you wish to pay.

STILL CONFIDENT OF

EDSON'S FUTURE

I have of Winnipeg spent a

few days in town this and last

week. Mr. Hallett pays occasional

visits to Edson to look after his

interests here. He is just as

enthusiastic as ever as to Edson's

future but believes that there must

be a change in the management

before any great work of progress

can be started. "The trouble," he

said, "is that the people

here do not yet begin to realize the

importance of the district.

What Mr. Hallett says is the

opinion of many others, and it is

no doubt in natural results. The

people here who have seen

Edson in the past do not adequately

know the country but are

probably prejudiced by what they

have seen before the country has

become a great market for

products and capital will have enough

to develop the country, and as the

country grows, it will give

Edson a rich and flourishing

MOVING PICTURE THEATRE

The town of Edson since its inception in 1910 has been dependent upon the payroll of the railroad company and upon the trade growing out of the settlement of the Peace River tract. Now it is a fact that the revenue from the latter source will, with the advent of railroads into that country, become cut off. It is true, however, that a branch line from here will be built and it will come through the development of wholesale trade, rather than through present channels. Now it is well known that the railway divisional passenger train will be 25 x 35 which should give ample seating capacity for some 100 persons. J. S. Anderson will be the manager. Messrs. Brown & Cull have the contract for the building.

Another Successful Year For Western Canada College, Calgary

This well known Endowment College for boys and girls has just closed another very successful year. Over 100 boys between the ages of ten and twenty have been in attendance during the session, September 1911 to June 1912. Many of the students have written on the college's final matriculation examination for the university. The final matriculation examination for the university was held in the city of Calgary on June 1912. LET MOONEY DO IT

MOONEY'S PERFECTION SODA BISCUITS

They have that freshness and crispness only to be found in a newly made biscuit. No other biscuit has come to your table as fresh from the oven as MOONEY'S.

Get the big package or the small one—both of these damp proof, dust proof, and best.

The Mayor and Council
Town of Edson.

Your Worship and Gentlemen:
I beg to report that 1 attended
the Convention of Alberta Municipalities at Banff. The session
was largely attended, there being
about 100 delegates present
representing practically every part
of the Province.

The principal discussion of the
Convention revolved around the
Single Tax System, several of the
municipalities, which have no sub-
sidies and being deprived of the
privilege of assessing improve-
ments, having had their rates levelled
very high. I might cite the case
of the City of 72 miles, and the City
of 10 miles, while practically every town
in the whole Province paid
less than 10 cents.

Probably the most serious feature is the
levelling of the assessment which
results in the loss of the increasing
power of the Municipality. I
would in this connection, quote
the resolution which was passed
at the Convention:

"Resolved, that the assessment of
improvements should be levied
on the basis of the value of the
improvement, and not on the basis
of the value of the land on which
the improvement is situated."

I found upon studying the Act
that the assessment of improve-
ments is levied on the basis of the
value of the land on which the
improvement is situated, and not
on the basis of the value of the
improvement itself.

This is a most serious feature of the
Act, and one which will result in
the loss of the increasing power of
the Municipality. I would in this
connection, quote the resolution
which was passed at the Convention:

"Resolved, that the assessment of
improvements should be levied
on the basis of the value of the
improvement, and not on the basis
of the value of the land on which
the improvement is situated."

The fact that the quality
of the improvement is not taken
into account, is a most serious
feature of the Act, and one which
will result in the loss of the
increasing power of the Municipality.

A Captain of Industry said:-

One thing that is all important is personal habit and appearance. The man who keeps himself clean in body, in habit and in dress not only cultivates self respect but he commands the respect of others. Slovenliness in dress is indicative of character, indicative of lack of method in business and the stern affairs of life. The slovenly man is apt to be the unsuccessful man, therefore it is to your best interest to appear neat.

KNOWLEDGE

An essential of success in every walk of life is education; and nowhere has it been more needed than among the ranks of the agriculturists. Thoughtful and intelligent farmers generally admit that this is the chief reason why the farmstead has never been able to work in unison. And the statement appears to be true. Fortunately or unfortunately, as the case may be, there is no necessity for this lack of education. We on the word education is the generally accepted term but in a broader sense. It is not necessary that a man should take a course at a high school or college and have B.A. or M.A. appended to his name. There are scores of men all over Canada that have received complete education outside of their college walls. The education that a farmer needs is a study in the knowledge which will enable him to qualify for the business and duties of life. Some maintain that the best and only place to get this education is in the school of hard knocks. But it is no expensive school, and very often the cost is so long that when the farmer graduates all he has left is his experience, and that too late in life to benefit him. In the meantime money-lenders, note clerks, lawyers, etc., have grabbed up everything else.

At a very small outlay the farmer or settler can procure books that will be of invaluable assistance to him, and that is a special opportunity the long, lonely winter months afford for their perusal!

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATION

Any person or sole head of a family, or any male over 21 years of age, who has been a resident of the Northwest Territories, or of any of the Provinces of Canada, for at least one year, and who is a citizen of the Dominion, may apply to the Minister of the Interior for a grant of land. The application must be made in writing, and must be accompanied by a certificate of the local magistrate, or other official, as to the character and conduct of the applicant, and by a statement of the land he wishes to acquire. The Minister may, at his discretion, require the applicant to furnish further information, and may refuse the grant if he is not satisfied with the application.

In certain districts a homestead is not standing any previous grant of land, and the applicant must be a resident of the Northwest Territories for at least one year. The grant is for 160 acres, and the applicant must reside on the land for at least one year before he can claim the grant.

A homestead who has exhausted his pre-emption right and cannot obtain a homestead, may apply for a pre-emption of 160 acres, or for a purchase of 160 acres, or for a purchase of 320 acres, or for a purchase of 640 acres, or for a purchase of 1280 acres, or for a purchase of 2560 acres, or for a purchase of 5120 acres, or for a purchase of 10240 acres, or for a purchase of 20480 acres, or for a Davies & Lefaiivre

A Captain of Industry said:-

The thing that is all important in personal habits and appearance. The man who keeps himself clean in body, in respect and in dress not only exhibits self respect but he commands the respect of others. Cleanliness in dress is indicative of character, indicative of lack of method in business and the sterner affairs of life. The sterner man it is to be the successful man, therefore it is to your best interest to appear new.

Our Fall Stock of Suits, Overcoats, Hats, Etc., is large and complete.

A small investment in clothing may mean your future success.

homeneste. I guess we can jump around and I also believe every man will be as hard as nails and in good trim for next season's work on the land. We have had in plenty of supplies of all kinds."

Amongst farmers of the Calgary province-whole time, is expected in Edson in a few days and will pitch his homestead. Harry Holman and Manning have been playing with the Red Deer, Alberta. Jack Holman, who has the refusal of a position here, may take up a homestead near St. Paul de Metis later in the year.

Holman, the guide of the party, is now in his second year, having worked his quarter section last season. He will prove up in 1911. His homestead is one of the best in that district and is easily worth \$25 an acre, though "Pucky" would not sell it for twice that amount. He is planning to make his home there and will become a practical farmer, specializing in dairy products, poultry and eggs and garden truck, before some erratic migrator hands him the blue ticket.

Harley and Manning are going in for grain and livestock, while Thelma, father and Phangas will devote their efforts to mixed farming. Harley is a chicken fancier and may add a few cages of fancy fowl. He is interesting other professionals in homesteading, probably with a view to organizing a town composed entirely of farmers.

and its strategic location. A glance at the map and your own common sense will convince you that Edson, must become an important centre in the near future. In less than two years Edson will be the closest jobbing point from its water base for the entire Prairie and Peace River districts. From Prince Rupert to Grande Prairie 175 via Edmonton will be over 400 miles longer haul than via Edson. Do you see the logical outcome? Edson's present progress may be retarded but her future prosperity cannot be prevented.

Buy property in Edson—not with the get-rich-quick in a few weeks idea—but hold it, and in a few years you will have holdings that will be worth something.

FARM IMPLEMENTS

Society of Masters of Canadian Machinery Attached to Western Trade Union

Implementors, implementors, implementors! Everywhere and under cover! This strike a person at all about every corner of the West. It's a local one of the West. Why does it have the machinery come down? "What the Machine-Trade Union has done," says Mr. J. H. Bane, the official here, "has been accomplished by the action of the Board of Trade." The "Farm Implement Union" was made up of a number of the value of machinery having distribution here to what

American implements \$2,000,000
Canadian implements \$6,000,000

A booklet issued by the Hagia Board of Trade says "Rights to the largest point of distribution of agricultural implements in the world are in view of this statement the above figures are even more significant in that they probably represent the value of the total production of agricultural implements in American and Canadian manufacturing plants in 1934."

Work. At every step of the manufacturing process the percentage of American implements was high. The total of numerous stations along the way may be mentioned as follows: American firm prominently displayed was a part of firm machine of the United States.

The work was done only this year in the agricultural field.

COMMERCIAL HOTEL TO CHANGE HANDS

Deal pending some days was closed on Monday. New proprietors take it over November 1st.

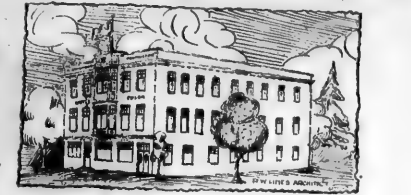

The transfer on Monday that the Commercial Hotel had been sold as a surprise to many in town as Mr. Crigges had not expected to be interested in selling, but on the return from Edmonton on Tuesday he stated that the deal had been consummated and of the approval of the transfer would be made. The new owners are Messrs. Russell, Ross, Edmonstone, and they are to take possession on the first of next month. They are now in the process of having the hotel refitted and of one of them to be in the building.

One of the new proprietors has been in Edson several times this morning, and the fact that they paid the price asked, \$40,000, without demerit is evidence that they have been successful in their purchase in Edson's future.

Mr. Crigges has not yet decided what he will do and he may remain in Edson. Like most people who have had a hand in the building of a town he has grown attached to it and is reluctant to leave. He recognizes also, that Edson has big possibilities in store, and that the future of the town is in the hands of the future.

Mr. E. J. Chamberlain, who is the president of the town, and Mr. Crigges' daughter, Mrs. E. J. Perry are the new owners.

FATAL ACCIDENT IN RAILWAY YARDS

About 10:30 o'clock on Monday morning, J. D. Howe, a brakeman in the employ of the C.P.R., received injuries which resulted in his death a few hours afterwards.

Howe was seriously injured when he was struck by a train in the railway yards. The accident occurred while he was working on the tracks.

108 Cheques Will be Distributed Among Canadian Farmers. Will You Get One of Them?

In addition to the twenty-seven first prizes of \$50 each, there will be eighty-one cash prizes, ranging from \$10 to \$25 in our 1912 PRIZE CONTEST FOR FARMERS.

This contest is among the same lines as the one which was so successful last year, except that there are three times as many prizes, and therefore three times as many chances of winning. Every farmer in Canada is eligible to compete. The conditions are such that large and small men can have equal opportunity.

WILL BANQUET MEMBER OF CABINET MINISTERS

The council met as a committee of the whole on Monday evening when the members of the cabinet were present. The interest taken in the proceedings was very high and the members of the council were very much interested in the proceedings.

The board of trade meeting held last week was unexpectedly the most interesting meeting yet held by that organization. The members took a lively interest in the various questions that were presented for discussion and a number of suggestions were made by the members. The meeting was very successful and the members were very much interested in the proceedings.

SPEND WINTER IN SOUTHERN CLIMES

Mr. and Mrs. P. F. Babin and family expect to leave for the south to spend the winter. They have been in the north for some time and are very much interested in the south. They have been in the north for some time and are very much interested in the south.

EDSON, ALTA., Nov. 8, 1912

Editor, The Edson Leader.

Davies & Lefavre

Special Correspondence

Edmonton. — Fifteen hundred
experienced farmers of Dutch
origin, now living in South Africa,
will be brought to northern Alberta
by the Alberta, Peace River &
Eastern Railway company, which
has a charter to build a
system of 1,800 miles from
Edmonton's bay to the Pacific coast
by way of Edmonton. The
company owns 400,000 acres of
land in the Peace River district,
which will be developed and settled
as rapidly as possible.

J. H. Williams, chief engineer of
the company, said in making the
longing to come to Edmonton
that the farmers to be brought
into the district are men with
capital and experience in opening
new land to agriculture. Most of
them have families, which means
that the first invasion of the north
country by capitalist effort will
bring in between 8,000 and 7,000
persons.

Mr. Williams said the first
series of the project to be built
will be between Edmonton and the
Peace River crossing, also that
work will be pushed on the line to
Fort McMurray. It is estimated
that the cost of the first section
will be between \$25,000 and
\$30,000 a mile. The company,
headed by Lord Farrer, V.C., a
director of large railway enterprises
in Great Britain and Mexico, has
people capable to manage the
project. He added: "The number
of railways has already appeared
the first section of the line. Survey
parties have been in the Peace River
country all summer, and we expect
to begin work on the grade early
next spring. We are now arranging
to commence the work of clearing
the right-of-way throughout the
winter. H. H. Marshall King, vice
president of the company, will be
in Edmonton soon."

and its strategic location. A glance of the map and your own
common sense will convince you that Edson must become an
important center in the near future. In less than two years
Edson will be the closest jobbing point from the water base for
the Grande Prairie and Peace River districts. From Prince
Rupert to Grande Prairie City via Edmonton will be over 400
miles longer than via Edson. Do you see the logical
Edson's present progress may be retarded but her

"COUNTERACTING THE AMERICAN FLAG"

The Editor,
Edson Leader, Edson.

Replying to a letter appearing in last week's issue of the Leader

over the name of Mr. Lawrence

permit me to say that I did not put

a single question to any whom I

referred to in my article, and that

the recent police enquiry leading to

the arrest of Mr. Phillips had every

thing to do with the name of the

one who I made any suggestion

of having acted in that capacity.

I am quite sure that had Mr.

Phillips acted as the mayor's legal

adviser the town would have been

advised what would probably amount

to thousands of dollars, and in no

way would it have been necessary

for me to make any suggestion

of having acted in that capacity.

I am quite sure that had Mr.

Phillips acted as the mayor's legal

adviser the town would have been

advised what would probably amount

to thousands of dollars, and in no

way would it have been necessary

for me to make any suggestion

of having acted in that capacity.

"Grandpa Says THESE Are Good for Little Boys!"

"GOOD" is right. Pure chocolate, pure milk and pure sugar—that's what Maple Buds are. They're not only good to the taste—they're nourishing and wholesome. The children may not all their wits. Maple Buds satisfy their craving for sweets and at the same time build up their little bodies.

Buy Maple Buds at your grocery. Teach the children to spend their pennies for these wholesome sweets.

'CLEAN HANDS

A good story is told about a certain newspaper editor, who is credited to have suggested that the newspaper should publish a list of the names of the persons who are guilty of the crime of being a "clean hands" man. The editor's suggestion was met with a great deal of opposition, and he was told that it was not the business of the newspaper to publish such a list. The editor, however, was not deterred, and he published the list. The list was a long one, and it contained the names of many prominent persons. The list was published in the newspaper, and it was a great success. The editor was praised for his courage, and the list was a great help to the public.

EDSON AGAIN THE SCAFFOLD

An article appeared in the "Edson Herald" recently under the heading of "Edson on the Scaffold." It was not our object to comment on the article, but it is interesting to note that it was written by a person who is known to be a member of the "Edson Herald" staff. The article was a criticism of the "Edson Herald" and its editor, and it was written in a very hostile and personal manner. CHANGING THE SUBJECT

There was some curiosity last night as to what was the subject of the meeting that I thought of writing about for a week. Perhaps I had better make it known. The subject was the "Edson Herald" and its editor. The meeting was held at the "Edson Herald" office and it was attended by a number of people who were interested in the "Edson Herald" and its editor.

DO IT WHAT? NOW!

HELP TO BOOST EDSON AND BUILD IT UP.

What can I do? One thing you can do is to support the paper instead of knocking it. The support of a community is as much needed to build up a good newspaper as it is to build up a good store. Some people unfortunately are just as well satisfied to build up a store or paper a thousand miles away in which they have no interest as one at home. Are you one of them?

Grand Trunk System News Items

Heavy punishment has been awarded at Belleville to a gang of three who have been disturbing the neighborhood for some time. The offense on which they were convicted was that of entering a quantity of shoes. Three of the prisoners were sentenced to five years in the penitentiary, while a fourth was given two years in the same place. The remaining number of the gang, while acquitted of theft, was given six months for vagrancy.

A very gratifying tribute to the Grand Trunk Railway was paid by the British Manufacturers before their departure when in concert with a prominent official of the Company it was given as their common opinion that the trip over the G.T.R. had been made with greater comfort than that over any other road. This is attributed to the good roadbed, the smoothness, and the superior shipping accommodations.

An interesting report with regard to western construction has just been received at Grand Trunk Pacific headquarters in Montreal. "All the Pake," which is the name of the Pake & Stewart construction camp, is now in the hands of steel and Fort George.

Now that the Carbo has been made all the work will go ahead with lightning speed. The construction is pushing forward for all it is worth and they are making it their aim to have the rails at mile 141 before winter sets in. At that point the line crosses the Fraser River, where it again at the Port. The Fraser River is 53 so that it is a bridge 100 miles below the lower river. On the far side of the Carbo construction will be a comparatively easy matter and where the grade is completed it is all shovel work with no rock cutting. The mile should go down at the rate of a mile and a half a day. The contractors have a large

number of steam shovels in use all along the line and with a large fleet of motor trucks, there is nothing to be feared with the making of the work. About three weeks ago a gang of men were sent about to the Canyon to build the Canyon Carbo with a capacity of from 2,000 to 4,000 tons. This and all the smaller shovels above and below will be filled with supplies to last till next spring and as soon as this has been done the Fort George Carbo will be opened and filled for work.

At the Canyon the contractors are planning to build about one and a half miles of a rail line roadbed and train of cars will be placed on the tracks to haul the stones around the canyon. One river will carry the goods to the canyon, the railway will take it from that point and the roadbed will be built in the canyon. The work is now being done by the contractors and the work is being done by the contractors.

The first visit paid to Prince Rupert by Hon. Richard McBride, Premier of the Province of British Columbia was signalled by the formal opening of the new Government wharf. As the steamer on which Mr. McBride was travelling, the journey approached the harbor the vessel was met and accompanied by 180 police boats. One of these was the transport committee and on another the Mayor and his former city band. A holiday had been declared by the Mayor and the whole population turned out for the occasion. On landing an address congratulating the Premier and his elevation to knighthood was presented to the Premier, who after a suitable reply, declared the new dock open to traffic. The structure is the first concrete structure of the kind to be erected on the Pacific coast of the continent. It cost \$180,000 and will presently be equipped with all the facilities for freight handling.

It seems probable that the territory of Ontario traversed by the National Transcontinental Railway will experience a much more rapid settlement and development than was the case with the prairie country of the west in the pioneer days of transportation. In the west it is only now that the good roads movement is beginning to take any root and settlers have taken up their holdings along the railway lines as there has been little or no means of communication with the back country.

You Need No Introduction to Edson

and its strategic location. A glance at the map and your own common sense will convince you that Edson must become an important centre in the near future. In less than two years Edson will be the closest jobbing point from its water base to the Grande Prairie and Peace River districts. From Grande Prairie to Edson, a distance of 100 miles, the road is 100 miles longer haul than via Edson. Do you see the logical outcome? Edson's present progress may be retarded but her future prosperity cannot be prevented.

Buy property in Edson—not with the get-rich-quick in a few weeks idea—but hold it, and in a few years you will have holdings that will be worth something.
